### **Active Problem Solving**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

Open and constructive communications and active problem solving are essential to continuous improvement. Any employee who has a problem with or concern about the employee's job, work environment, a co-worker, a citizen, a safety issue, or anything else that affects their employment, should discuss it with his/her supervisor, the Department Director, or the Human Resources Director, as the employee deems appropriate. The City will not tolerate retaliation against any employee who in good faith identifies a problem or concern and suggests how they think it should be solved.

The City Manager, Department Directors, Managers and Supervisors all strive to communicate the City's philosophy and goals that affect employees. At the same time, we want employees to tell their supervisors how you feel about these philosophies and goals. It is important that we receive feedback from employees to formulate workable plans, policies, and events for City of Louisville employees.

We value employee input in solving problems. To encourage this open two-way exchange, City Management will communicate information through meetings and casual discussions, City policy and procedure manuals, City publications, employee meetings, departmental meetings, as well as individual meetings between an employee and his/her supervisor. The City's website also help to keep you informed about organizational operations and changes, policies, people, and events.

## **ARTICLE 5**

### **OPEN GOVERNMENT AND ETHICS**

#### **Section 5-1. Executive Sessions - General.**

(a) It is the policy of the City that the activities of City government should be conducted in public to the greatest extent feasible in order to assure public participation and enhance public accountability.

(b) The City Council may hold an executive session only at a regular or special

meeting and for the sole purpose of discussing one (1) or more of the topics set forth in Section 5-2.

(c) No adoption of any proposed policy, position, resolution, rule, regulation, or formal action, and no informal or "straw" vote, shall occur at any executive session.

(d) The Council may, by ordinance, establish other procedures and requirements pertaining to executive sessions.

### **Section 5-2. Executive Sessions - Authorized Topics.**

Topics which may be discussed in an executive session shall be limited to the following:

(a) Matters where the information being discussed is required to be kept confidential by federal or state law;

(b) Personnel matters involving the dismissal, demotion, discipline or review of the performance of employees directly appointed by the Council, consideration of complaints or charges against employees appointed directly by the Council, and other personnel matters only upon request of the City Manager or Mayor for informational purposes only;

(c) Consideration of water rights and real property acquisitions and dispositions by the City, but only as to appraisals and other value estimates and strategy for the acquisition or disposition of such rights or property; and

(d) Consultation with an attorney representing the City with respect to pending litigation. Pending litigation shall include cases in which a lawsuit is actually commenced, and any situation where the person requesting the executive session believes in good faith that a lawsuit may result. The Council may discuss settlement strategies in an executive session.

### **Section 5-3. Executive Sessions - Procedures.**

(a) A request for an executive session may be made only by a member of the Council, the City Attorney or other attorney representing the City, the Municipal Judge, or the City Manager.

(b) The request to go into an executive session shall be made in an open session at a regular or special meeting of the Council. The requesting party shall give as detailed and specific a statement as possible, using his or her best judgment to avoid disclosure of any confidential matters, as to the topic or topics to be discussed and the reasons for requesting an executive session.

(c) The executive session shall only be held upon an affirmative vote of two-thirds (2/3) of the entire Council. A separate vote shall be held on each topic requested to be considered in the executive session. Following the vote and immediately prior to retiring into the executive session, the Mayor shall announce the topic or topics of the executive session.

(d) Immediately upon retiring into the executive session, the requesting party shall explain in detail the nature of the topic and the reasons for requesting the executive session.

At this time, those in attendance may discuss the propriety of the executive session.

(e) Before any discussion on the merits of any topic in the executive session, the City Attorney or other attorney representing the City shall give an opinion as to the propriety of the executive session and shall provide guidelines as to the limitations that apply to the discussion.

(f) At any time, any participant may object to the continuation of the executive session. Upon the making of such objection, all discussion shall cease and the Council shall reconvene in an open session for the purpose of determining the propriety of continuing the executive session. An affirmative vote of two-thirds (2/3) of the entire Council shall be required to continue the executive session.

(g) Upon completion of the executive session, the Council shall reconvene in an open session. The person who requested the executive session shall provide as detailed an explanation as allowed by law without disclosing any confidential matter or any matter which would adversely affect the interests of the City, and shall announce what procedure, if any, will follow from the executive session.

(h) Discussions that occur in executive session shall be recorded, and access to the record shall be provided, in the manner and to the extent provided in the State statutes concerning open meetings and the State statutes concerning open records.

#### **Section 5-4. Executive Sessions - State or Federal Law.**

To the extent matters addressed in this article are also addressed in any applicable provisions of state or federal law, it is the intent of this Charter that the provisions which best preserve the principles of open government and public participation in the affairs of the City shall prevail.

#### **Section 5-5. Public Records.**

(a) It is the policy of the City that the right to inspect the City's records, and to obtain copies of records at a reasonable cost, should be preserved to the maximum extent feasible.

(b) The City's records shall be open for inspection by any person in accordance with the State statutes concerning public records and criminal justice records. The City shall provide access to records in alternative formats when practicable.

(c) The City Manager shall prepare a procedure for timely access to the City's records. The procedure shall be consistent with the State statutes concerning public records and criminal justice records, and shall include a schedule of standard fees for the production of records.

#### **Section 5-6. Code of Ethics - Declaration of Purpose.**

(a) Sections 5-6 through 5-17 shall be known as the Code of Ethics.

(b) Those entrusted with positions in the City government must commit to adhering

to the letter and spirit of the Code of Ethics. Only when the people are confident that those in positions of public responsibility are committed to high levels of ethical and moral conduct, will they have faith that their government is acting for the good of the public. This faith in the motives of officers, public body members, and employees is critical for a harmonious and trusting relationship between the City government and the people it serves.

(c) While it is critical that persons holding positions in the City government follow both the letter and spirit of the Code of Ethics, it is equally important that they strive to avoid situations that may create public perceptions of violations of the Code of Ethics. Perceptions of such violations can have the same negative impacts on public trust as actual violations.

(d) The Code of Ethics is intended to foster public trust by defining the parameters of honest government and by prohibiting the use of public office for private gain.

(e) To the extent matters addressed in the Code of Ethics are also addressed in state or federal law, it is the intent of the Code of Ethics that the more restrictive provisions shall control.

### **Section 5-7. Code of Ethics - Definitions.**

For purposes of the Code of Ethics only, the following words shall have the following meanings:

(a) "Business entity" means:

(1) Any corporation whether for profit or nonprofit, governmental entity, business, trust, limited liability company, partnership, association, or other legal entity; and

(2) Any other form of business, sole proprietorship, firm, or venture, carried on for profit.

(b) "Contract" means any arrangement or agreement pursuant to which any material, service, or other thing of value is to be furnished for a valuable consideration or is to be sold or transferred.

(c) "Domestic partnership" means an exclusive committed relationship between two (2) unmarried adult persons who are unrelated by blood, maintain a mutual residence, and share basic living expenses.

(d) "Interest" means a pecuniary, property, or commercial benefit, or any other benefit the primary significance of which is economic gain or the avoidance of economic loss, but does not include:

(1) Any matter in which a similar benefit is conferred to all persons or property similarly situated nor does it include the ownership or control of shares of stock; or

(2) Any beneficial interest in shares of stock, the aggregate amount of which constitutes one (1) percent or less of the shares of stock of the business entity then outstanding.

(e) "Official action" means any legislative, administrative, or quasi-judicial act of any officer, public body member, or employee, or of the City Council or any public body of the City.

(f) "Public body" means any board or commission, or any task force or committee, except any task force or committee for which the City Council determines, in the resolution establishing it, that Sections 5-6 through 5-17, or such portions thereof as selected by the Council, shall not apply because the public interest would be served by the participation of persons who would otherwise have an interest in the matters to be addressed by the task force or committee.

(g) "Relative" means any person related to an officer, public body member, or employee by blood, marriage, or domestic partnership, in any of the following degrees: parents, spouse, children, brothers, sisters, parents-in-law, nephews, nieces, aunts, uncles, first cousins, grandparents, grandchildren, and children-in-law. A separation between spouses shall not be deemed to terminate relationships described herein.

### **Section 5-8. Code of Ethics - Related persons and entities; duration of interest.**

(a) An interest of the following persons and entities shall be deemed to constitute an interest of the officer, public body member, or employee for purposes of the requirements of Section 5-9 and Section 5-10:

(1) Any relative of the officer, public body member, or employee; or

(2) Any business entity in which the officer, public body member, or employee is an officer, director, employee, partner, principal, member, or owner (other than stockholder);

(3) Any business entity in which the officer, public body member, or employee owns or controls shares of stock, or any beneficial interest in shares of stock, the aggregate amount of which constitutes more than one (1) percent of the shares of stock of the business entity then outstanding; or

(4) Any business entity in which the officer is an officer, director, employee, partner, principal, member, or owner (other than stockholder), where the business entity is seeking to advance its financial benefit through an official action of the City, if the officer would be directly or indirectly involved in making the decision.

(b) For purposes of the Code of Ethics, participation in a stock mutual fund shall not be considered an interest in any business entity in which the mutual fund owns or controls shares of stock.

(c) For purposes of the Code of Ethics, the parties to a domestic partnership shall be treated as the equivalent of spouses, and the domestic partnership shall be treated as the equivalent of marriage.

(d) For purposes of the Code of Ethics, an officer shall be deemed to continue to have an interest in a business entity for a period of one (1) year after the officer's actual

interest has ceased.

### **Section 5-9. Code of Ethics - Standards.**

(a) The following requirements shall constitute reasonable standards and guidelines for the ethical conduct of officers, public body members, and employees.

(b) No officer, public body member, or employee who has the power or duty to perform, or has any influence over, an official action related to a contract, shall:

(1) Have or acquire an interest in a contract between a business entity and the City, unless the City's procedures applicable to the solicitation and acceptance of such contract are followed and unless the officer, public body member, or employee has complied with the provisions of Section 5-10;

(2) Have an interest in any business entity which is a party to the contract with the City, unless the officer, public body member, or employee has complied with the provisions of Section 5-10;

(3) Represent or appear before the City Council, any public body, or any other officer, public body member, or employee, on behalf of any business entity which is a party to the contract with the City;

(4) Have solicited or accepted present or future employment with any business entity which is a party to a contract with the City, if the offer or acceptance of such employment is related to or results from any official action performed by the officer, public body member, or employee with regard to the contract; or

(5) Solicit, accept, or be granted a present or future gift, favor, discount, service or thing of value from or for any person involved in the contract. Nothing in this paragraph shall prohibit any officer, public body member, or employee from accepting an occasional nonpecuniary gift of fifteen dollars (\$15.00) or less in value, or from accepting an award, publicly presented, in recognition of public service. However, no officer, public body member, or employee shall accept a nonpecuniary gift of any value if the gift is or may be in any way associated with a contract that is or may be one for which the officer, public body member, or employee has the power or duty to perform an official action.

(c) No officer, public body member, or employee shall be directly responsible for the hiring, appointment, retention, or supervision of, or influence or attempt to influence the hiring, appointment, supervision, or retention by the City of, any relative of the officer, public body member, or employee.

(d) No officer, public body member, or employee shall influence or attempt to influence the compensation, benefits, or other terms and conditions of City office or City employment applicable to a relative of the officer, public body member, or employee.

(e) No relative of an officer, public body member, or employee shall be hired as an employee unless the City's personnel procedures applicable to such employment have been followed.

(f) No officer, public body member, or employee shall use for personal or private gain, or for any other personal or private purposes, any information which is not available to the public and which is obtained by reason of his or her position with the City, or disclose any such information except as required by law or for City purposes.

(g) No employee shall engage in or accept any employment or service, other than employment by the City, if such employment or service reasonably would tend to impair the employee's independence of judgment in the performance of the employee's duties. This restriction shall not be construed to prohibit any other restrictions or prohibitions on outside employment applicable to an employee.

(h) Neither the City Manager, nor any employee who is the head of a City department, shall be appointed to serve as a member of a public body.

(i) No officer, public body member, or employee shall request or direct the use of an employee's working time for the City, and no employee shall use his or her working time for the City, for personal or private purposes.

(j) No officer, public body member, or employee shall request, direct, or permit the personal or private use of any City vehicle or City equipment except in the same manner and under the same circumstances applicable to any person who is not an officer, public body member, or employee, unless such use will substantially benefit the City.

(k) No officer, public body member, or employee shall request, or grant to any person, any special consideration, treatment, or advantage beyond that which is available to every other person in similar circumstances or need.

(l) No officer, public body member, or employee shall, at any time within two (2) years after termination from the City:

(1) Appear on behalf of the officer's, public body member's, or employee's interest, or on behalf of the interest of any other person, before the City Council, any public body, or department of the City, in relation to any matter concerning which the officer, public body member, or employee performed an official act; or

(2) Represent the interest of the officer, public body member, or employee, or of any other person, in any other matter before the City Council, any public body, or department of the City, without disclosing to the City the officer's, public body member's, or employee's prior relationship to the City and present relationship to the interest.

(m) Except as provided in Subsection (n), no officer, public body member, or employee shall appear before the City Council or any public body on behalf of any business entity.

(n) A member of a public body may appear on behalf of a business entity before the City Council or before a public body other than the public body of which he or she is a member, so long as the appearance does not concern any matter that has or may come before the public body of which he or she is a member.

(o) Nothing in the Code of Ethics shall preclude an officer, public body member, or employee from appearing before the City Council, any public body, or any other officer, public body member, or employee on behalf of any person which is not a business entity, so long as the appearance does not concern the officer's, public body member's, or employee's interest.

(p) No officer or public body member shall offer or promise to give his or her vote or influence in favor of or against any proposed official action in consideration or upon condition that any other officer, public body member, will promise or assent to give his or her vote or influence in favor of or against any other proposed official action.

(q) No officer shall become a City employee at any time during the term of office, or for two (2) years after leaving office.

(r) No officer shall acquire or seek to acquire any real estate or interest therein if the officer knows, or reasonably should know, that the Council is evaluating, proposing, or pursuing the acquisition of such real estate or interest therein. The officer's knowledge shall be presumed if the minutes or other record of any Council meeting or study session reflect any discussion of the same, or if the officer was present at any executive session at which the same was discussed. The prohibitions of this subsection shall continue to apply until after the Council has abandoned any effort to acquire such real estate or interest therein, and such abandonment has been reflected in the minutes or other record of a Council meeting.

**Section 5-10. Code of Ethics - Disclosure of Interest; Non-Participation in Discussion or Action.**

(a) The procedures of this section shall be followed by:

(1) Each officer who has an interest in, or whose interest would be affected by, any proposed official action before the City Council; and

(2) Each public body member who has an interest in, or whose interest would be affected by, any proposed official action before the public body of which the person is a member.

(b) Each officer or public body member, when required to follow this section, shall:

(1) Immediately and publicly disclose the nature and extent of the interest;

(2) Not participate in any discussion or decision concerning the proposed action; and

(3) Leave the room where the discussion or decision is taking place during the time the proposed action is being discussed and the decision is being made.

(c) With respect to any official action in which an officer, public body member, or employee has an interest, the officer, public body member, or employee shall not:

(1) Participate in any discussion with the City Council, any public body, or

any other employee, concerning such an action to be taken by the City Council, the public body, or the other employee; or

(2) Attempt to influence publicly or privately, the City Council, any public body, or any other employee, in connection with an official action described in Paragraph (1).

(d) With respect to any official action that would affect the interest of a competitor of a business entity in which an officer, public body member, or employee has an interest, the officer, public body member, or employee shall not:

(1) Participate in any discussion with the City Council, any public body, or any other employee, concerning such an action to be taken by the City Council, the public body, or the other employee; or

(2) Attempt to influence publicly or privately, the City Council, any public body, or any other employee, in connection with an official action described in Paragraph (1).

**Section 5-11. Code of Ethics - Filing of Financial Disclosure Statement.**

(a) Within three (3) working days after a person has filed a nomination petition or write-in affidavit of intent for the office of Mayor or Councilmember, and within five (5) working days after a person has been appointed to fill a vacancy in such office, the person shall complete, sign, and file with the City Clerk a disclosure statement that contains:

(1) The person's employer and occupation and the nature of any income in excess of one thousand dollars (\$1,000.00) per year per source, including without limitation, capital gains whether or not taxable, dividends, interest, wages, salaries, rents, and profits;

(2) The name, location, and nature of activities of any business entity with holdings of real or personal property or with business dealings in Boulder County, in which the person has any interest, and the nature of the interest;

(4) A sworn or verified statement signed by the person, under penalty of perjury, stating that to the best of the person's knowledge, information, and belief, the person has provided, accurately and completely, all of the information required by the disclosure form in compliance with the Code of Ethics. The statement shall contain:

(A) An acknowledgment that, for the purposes of Sections 5-9 and 5-10, the person is deemed to have an interest in his or her own financial affairs, and in that of the person's spouse and other relatives as specified in the Code of Ethics; and

(B) An acknowledgment that, for the purposes of Sections 5-9 and 5-10, the person understands that he or she must disclose such an interest pursuant to Section 5-10 and comply with the non-participation provisions thereof, and that it is a violation of the

Code of Ethics to fail to file the statement within the time required herein; and

(C) Such additional information as the person making the disclosure desires.

(b) Except as specifically provided herein, the form and content of the disclosure statement referred to in Subsection (a) shall be established by resolution of the City Council.

(c) Notwithstanding any other provision of this section, no candidate, officer, or public body member shall be required to disclose any confidential relationship protected by law.

(d) By no later than September 10 of each year, each officer shall file an amended disclosure statement with the City Clerk, or notify the City Clerk in writing that the officer has no change of financial condition regarding the disclosed items since the previously filed disclosure statement.

### **Section 5-12. Code of Ethics - Enforcement.**

(a) The provisions of Sections 5-9 through 5-11 shall be enforced as follows:

(1) The City Prosecutor shall have the primary responsibility for administration of said provisions.

(2) Any person who believes that an officer, public body member, or employee has violated any of said provisions and wishes to initiate proceedings on such alleged violations shall file a written complaint with the City Prosecutor. The complaint shall state in detail the facts of the alleged violation, shall specify the section or sections of the Code of Ethics alleged to have been violated, and shall contain a sworn or verified statement signed by the complainant and stating under penalty of perjury that the information in the complaint is true and accurate, and that the complaint is filed in good faith and not out of malice or any other improper motive or purpose. Any complaint which does not contain such a signed statement shall be returned forthwith to the complainant without action.

(3) If the complaint is made against an officer or public body member, within ten (10) days after receipt of the complaint the City Prosecutor shall forward a copy of the complaint to the officer or public body member against whom the complaint is made, and to an advisory judge referred to in Section 5-13. The City Prosecutor shall request the advisory judge to appoint a qualified disinterested attorney to serve as special prosecutor. If, within ten (10) days after the request, the advisory judge has not appointed a special prosecutor, the City's municipal judge shall appoint a qualified disinterested attorney to serve as special prosecutor. The reasonable expenses and fees of an advisory judge making such an appointment and of the attorney serving as special prosecutor shall be paid by the City. The attorney recommended or appointed pursuant to this paragraph shall serve as special prosecutor for purposes of investigation and action on the complaint, and shall take such actions concerning the complaint as are consistent with the Code of Ethics, the Colorado municipal court rules of procedure, and the prosecutor's ethical responsibilities. Before completing the investigation, the special prosecutor shall provide the officer or public body member against whom the complaint is made an opportunity to provide information

concerning the complaint.

(4) If the complaint is against an employee, the City Prosecutor shall investigate the complaint and shall take such actions concerning the complaint as are consistent with the Code of Ethics, the Colorado municipal court rules of procedure, and the prosecutor's ethical responsibilities. Within ten (10) days after receipt of the complaint the City Prosecutor shall forward a copy of the complaint to the employee against whom the complaint is made and, before completing the investigation, shall provide the employee an opportunity to provide information concerning the complaint.

(b) A person commits false reporting of a complaint under this section if:

(1) The person makes a complaint of a violation under Sections 5-9 through 5-11 or knowingly causes the transmission of a complaint to the City Prosecutor of such a violation when the person knows that the violation did not occur; or

(2) The person makes a complaint or knowingly causes the transmission of a complaint to the City Prosecutor pretending to furnish information relating to a violation of Sections 5-9 through 5-11 when the person knows that he or she has no such information or knows that the information is false.

(c) A person who is convicted of false reporting of a complaint under this section shall be punished as provided in Section 16-7 of this Charter.

### **Section 5-13. Code of Ethics - Advisory Opinions.**

The names of such advisory judges shall be provided to the City Council, the City Manager, and the City Attorney. The reasonable expenses and fees of an advisory judge providing such an opinion shall be paid by the City.

(b) If any officer, public body member, or employee is uncertain as to the applicability of Sections 5-9 through 5-11 to a particular situation, or as to the definition of terms used in said sections, the officer, public body member, or employee may apply in writing to the City Council, Mayor, or City Manager for an opinion from an advisory judge pursuant to this section, and the City Council, Mayor, or City Manager may submit an application to the advisory judge for procurement of an opinion. Any officer or public body member may apply directly to an advisory judge for an opinion. The application shall state in detail the applicable facts and the section or sections of the Code of Ethics concerning which the opinion is requested.

(c) Any person who requests and acts in accordance with an advisory opinion issued pursuant to this section shall not be subject to any penalties for such action under the Code of Ethics, unless material facts were omitted or misstated in the request for the advisory opinion.

(d) An opinion rendered by an advisory judge pursuant to this section shall be disclosed to the public by posting, unless the advisory judge who issued the opinion determines it in the best interest of the City to delay such posting, in which case the opinion shall be posted as soon as the judge determines that the best interest of the City will no longer be harmed by public disclosure of the opinion.

**Section 5-14. Code of Ethics - Violations - Penalties.**

An officer, public body member, or employee who is convicted of a violation of any of the provisions of Sections 5-9 through 5-11 shall be punished as provided in Section 16-7 of this Charter.

**Section 5-15. Code of Ethics - Violations - Voiding of Contract.**

Any contract which was the subject of any official action of the City in which there was or is an interest prohibited by the Code of Ethics shall be voidable at the option of the City, if legally permitted. Where the City Attorney determines that the public interest may best be served by not voiding such contract, it may be enforced and an action or proceeding may be brought against any officer, public body member, or employee in violation of the provisions of the Code of Ethics for damages in an amount not to exceed twice the damages suffered by the City or twice the profit or gain realized by the officer, public body member, or employee, whichever is greater.

**Section 5-16. Code of Ethics - Violations - Injunction.**

The City Prosecutor shall have the power, where a violation of the provisions of the Code of Ethics is threatened or has occurred, to bring a civil action or proceeding at law or in equity for a judgment enjoining any violation of the provisions of the Code of Ethics.

**Section 5-17. Code of Ethics - Distribution.**

The City Clerk shall cause a copy of the Code of Ethics, and any forms required for compliance with the Code of Ethics, to be distributed to each officer, public body member, and employee of the City within twenty (20) days after the adoption of the Charter, and to each officer, public body member, and employee elected, appointed, or hired thereafter, before entering into any duties with the City, and to each candidate for elective office at the time the candidate obtains a nomination petition. In addition, the City Clerk shall cause a copy of any amendment to the Code of Ethics to be distributed to each officer, public body member, and employee of the City within twenty (20) days after the enactment of the amendment.

It is the City's responsibility to ensure that you, and all potential employees, are evaluated only on the basis of your qualifications and ability, without regard to age, sex, race, color, religion, national origin, disability, or veteran status. Although this is considered a City responsibility, each of us must take an active part to put these principles into practice in our daily work environment and in our relationships with the community we serve and with our coworkers.

It is the City's firm conviction that equal opportunity will contribute to the success of the City, its employees, and the community. Employees are urged to contact the Human

Resources Office immediately if they feel there is a violation of this policy. The matter will be fully investigated and, if appropriate, immediate action taken. Where practical, the employee's identity will be kept confidential.

- Mismanagement, a substantial waste of funds, abuse of authority or substantial and specific danger of public health or safety.

Any such disclosure should be submitted directly to your immediate supervisor, your Department Director, the Human Resources Director, or the City Manager for investigation and may be submitted verbally or in writing. ## **Scope of Personnel Guidelines**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

The Personnel Guidelines, sometimes referred to as the “handbook” is intended to provide you with guidelines about the City’s rules and policies in effect at the time of publication and supersedes previously published City of Louisville Employee Handbooks. Its purpose is to foster a better workplace during your employment relationship and provide you with information about your job responsibilities as an employee of the City of Louisville. It is also designed to try and answer questions you may have concerning your work at the City.

The handbook does not constitute an express or implied contract of employment.

While the City hopes to continue the benefits and policies outlined in this handbook, it reserves the right to change, modify, eliminate or add to any and all of the provisions herein without prior notice to employees. Because all of the terms and conditions of your employment cannot be set forth in such a document, this handbook is not all inclusive. If you do have a question about a particular section or about the City’s policy on a given subject not mentioned in this handbook, please talk to your immediate supervisor or to a representative from Human Resources.

This handbook applies to all employees of the City, except the following:

- The Mayor and members of City Council
- Municipal Judge
- City Attorney
- City Manager
- Prosecuting Attorney;
- And persons engaged by the City on an independent contractor basis.

Efforts were made to address issues that are relevant to all employees, although some sections are specific only to certain groups. Some policies may not apply or may differ for temporary employees, seasonal employees, or part-time employees. Whenever this occurs, it is noted throughout the handbook.

**It is the responsibility of each employee to read this handbook and be familiar with its provisions. Failure to do so does not excuse non-compliance with the policies or procedures.**

Sometimes a department policy may be more detailed than the general City policy presented in this handbook. However, if conflicts exist between the Personnel Guidelines and the departmental rules and regulations, the Personnel Guidelines shall govern, except as otherwise determined by the City Manager.

Department Directors, Managers, and Supervisors are responsible for the day-to-day

administration of the provisions in the Personnel Guidelines. No employee handbook can anticipate every circumstance or question. After reading this handbook, if you have questions or suggestions, please feel free to talk with your immediate Supervisor, Manager, Department Director, or Human Resources Staff. The Human Resources Staff or the City Manager may clarify sections that seem unclear or open to interpretation.

Please note, wherever the words, "City Manager" are used, they apply to the City Manager or the City Manager's designee. Wherever the words, "Department Director" are used, they apply to the Department Director or the Department Director's designee. The purpose of the City's Personal Computer Loan Program is to assist employees with purchasing a new personal computer in order to increase the employee's computer skills for use at home or at work. The City offers benefited part-time and full-time employees the opportunity to apply for an interest-free loan of up to \$2,400 for the purchase of a new personal computer, tablet and related peripheral equipment. Employees may have one loan, for one computer/tablet, at a time.

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

### **Deferred Compensation**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

The City participates in the International City/County Management Association's (ICMA) deferred compensation program. The plan, known as a Section 457 plan, allows you to take a portion of the money you earn now and set it aside as a retirement supplement. Under current law, contributions are free of federal and state taxes.

To participate, you must be at least eighteen years old and be a benefited part-time or full-time employee. You may obtain information and enrollment forms from the Human Resources Staff.

### **Dental Insurance**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

Coverage starts on the first day of the month following your date of employment. Coverage is also extended to your spouse and eligible dependents.

Because plan choices and features may change from year to year, more details are provided in the annual plan summary, insurance plan documents, and other enrollment materials. The Summary Plan Description document describes in detail what coverage is provided, and what constitutes an eligible dependent.

If your employment with the City is terminated for any reason, dental insurance coverage will end at midnight on the last day of the month in which your employment ends. Under certain circumstances, you and/or your dependents may be able to continue your group

dental insurance coverage under the provisions of the Consolidated Budget Reconciliation Act of 1985 (COBRA) when you leave the City's employment. You will be notified by the City's COBRA administrator of your rights and obligations under the Act.

### **Employee Assistance Program**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*

If the City determines there is a problem with your performance, or suspects that you have a drug or alcohol problem, you may be referred to the City's EAP provider. This type of referral is known as a supervisory referral, and your participation is strongly encouraged.

### **Extended Illness Bank (EIB) (Updated January 1, 2021)**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

All full-time and benefited part-time employees will have an Extended Illness Bank (EIB) established to provide for personal illnesses or injuries, which extend beyond 40 working hours. Absences for personal illness or injury for up to 40 scheduled working hours are charged to your Paid Leave Bank (PLB).

Employees begin accruing EIB upon hire but may not use the accrued time before one year of service has been completed. Absences due to illness during the first year of employment must be charged to PLB. (PLB accrues at a rate that includes the equivalent of 40 hours of sick time.)

EIB and FMLA (Family and Medical Leave Act) will run concurrently. Both EIB and FMLA require one year of service and 1,250 hours worked for eligibility.

Employees will earn 4.0 hours of EIB each 80 hours worked and can accrue up to 104.0 hours of EIB annually. Employees working more than 36 hours per week earn the full 4.0 hours of accrual (Tier 1 level benefits) while employees working 30-35 hours per week (Tier 2 level benefits) will earn a pro-rated accrual of 3.50 per pay period.

Extended Illness Bank (EIB) leave may be used for qualifying FMLA events which require you to be away from work for more than 40 working hours. The EIB is charged after charging 40 hours of PLB for both Tier 1 and Tier 2 benefitted employees.

With an FMLA Certification of Healthcare Provider, Extended Illness Bank leave may be used for family illness and in situations where you are the primary caregiver for family

members. A family member is defined as spouse, child, or parent. For each incident, 40 hours of PLB time must be used before any EIB time may be used.

The City requires an FMLA Certification of Healthcare Provider, or other medical documentation for Paternity Leave, for any period of EIB leave. Further, where EIB leave in excess of 40 working hours is requested, the City requires that you provide a doctor's certification stating that you are released from care prior to your return to duty.

- The maximum accrual that you can carry in the Extended Illness Bank is 480 hours. Hours will not be earned or credited beyond that limit.

If you do not have enough hours in the EIB to cover an extended personal illness or injury, you must use PLB. If EIB and PLB have been exhausted, you may apply for the City's short-term disability coverage. After 13 weeks of disability, the employee may be eligible for coverage under the City's Long-Term Disability (LTD) policy. Contact the Human Resources Staff for more information.

EIB hours are not paid out upon separation from the City.

### **Family Bereavement Leave** (Updated January 1, 2021)

*Eligible employment status:*

- Full-Time Employees
- Benefited Part-Time Employees

If there is a death in your family, you will be granted up to 40 hours of bereavement leave. For purposes of this policy, "family" includes by blood, marriage, or domestic partnership in any of the following degrees: parents, spouse, children, brothers, sisters, parents-in-law, nephews, nieces, aunts, uncles, first cousins, grandparents, and grandchildren.

### **Family Medical Leave Act (FMLA)** (Updated May10, 2021)

*Eligible employment status:*

- Full-Time Employees
- Benefited Part-Time Employees
- Must have worked at least 1250 hours in a 12 month period and been continuously employed with the City for at least 12months.

You may need to take reasonable leave for medical reasons, for the birth or adoption of a child, and/or for the care of a child, spouse, or parent who has a serious health condition. In accordance with the Family and Medical Leave Act of 1993 (FMLA), it is the policy of the City to grant up to 12 weeks of family and medical leave during a 12-month period.

**Eligibility** - To be eligible for leave under this policy, you must have been employed by the City for at least 12 months prior to requesting leave, and have worked at least 1,250 hours during that time. The 12-month period does not need to be consecutive.

**Type of Leave Covered** - In order to qualify for family and medical leave under this policy, the employee must be taking leave for one of the reasons listed below:

- The birth of a child and in order to care for that child;
- The placement of a child for adoption or foster care, and to care for the newly placed child;
- To care for a spouse, child, or parent with a serious health condition; or
- The serious health condition (described below) of the employee.

An employee may take leave because of a serious health condition that makes the employee unable to perform the functions of the employee's position.

A serious health condition is defined in detail by FMLA guidelines (See Section 8 – Definitions). In summary, this definition covers a condition which requires inpatient care at a hospital, hospice or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care or a condition which requires continuing care by a licensed health care provider. (Leave for pregnancy disability is treated the same as other medical disabilities.)

Employees with questions about what illnesses are covered under this FMLA policy or the City's EIB (Extended Illness Bank) policy are encouraged to consult with the Human Resources Staff. The City's has a generous EIB policy that can assist with wage replacement during an FMLA event.

You are entitled to a total of 12 work weeks of job-protected leave during a 12-month period measured forward from the beginning date of the employee's first FMLA. Leave for birth, adoption or foster care must be taken within one year of the birth or placement of the child.

If both you and your spouse are employed by the City, you are both entitled to an aggregate leave of 12 work weeks during a 12-month period, unless the illness is your own.

**Employee Status and Benefits During Leave** - While an employee is on leave, the City will continue the employee's health, dental, life, and disability benefits during the leave period at the same level and under the same conditions as if the employee had continued work.

The City will notify the employee within five business days in writing whether or not the leave will be designated as FMLA leave. If an employee is not eligible for FMLA leave, the City will provide the employee with the reason(s) they are ineligible within five business days. Disability leave for the birth of a child and for an employee's serious health condition, including workers' compensation leave (to the extent that it qualifies), will be designated as FMLA leave.

Authorization for Outside Employment is suspended during an FMLA absence for an employee on FMLA leave for his/her own serious health condition (also see Outside Employment in Section 3)

**Example of Employee's Own Medical Condition:**

An employee is out of work for six weeks of medical leave related to pregnancy and delivery as certified by a physician. The six weeks will be designated as FMLA and counted toward the employee's 12-week entitlement. The remaining six weeks of FMLA may be used for care of the newborn child. The employee must use 40 hours of PLB and then EIB will be used for the medical leave. The balance of the 12-week leave would be non-medical, therefore, the employee must use PLB, if available, or the balance would be unpaid.

**Example of Medical Leave for a Family Member:**

An employee's father has Alzheimer's, and the physician has certified that the employee will need two weeks off to provide care and relocate the father to a residential care facility. The employee's leave will be designated as FMLA and counted toward the 12-week entitlement. The employee must use 40 hours of PLB and then EIB will be used. If EIB is

exhausted, then PLB will be used. If PLB has been exhausted, the remaining time would be without pay.

**Example of Non-Medical Leave:**

As employee's wife has a normal pregnancy and delivery, and the physician has certified that she is medically disabled for six weeks. The employee may take up to 12 weeks of FMLA for the birth of a child. The employee must use 40 hours of PLB and then EIB may be used for the medical leave to care for his wife and child. For the balance of the 12-week leave, which is non-medical, the employee must use PLB, if available; otherwise the non-medical leave would be without pay.

**Paternity Leave** also qualifies as a non-medical leave. Through the City's EIB policy, the father may take up to 12 weeks of FMLA for the birth of his child. He must first use 40 hours of PLB and then EIB may be used for up to an additional five (5) weeks of leave for a total of 6 weeks of paid leave. For the balance of the 12-week leave, the employee must use PLB, if available; otherwise the remainder of the Paternity leave would be without pay. Father must provide the child's birth certificate within 30 days of the child's birth.

**Use of Paid and Unpaid Leaves** - For medical leaves, Paid Leave Bank must be used for the first 40 hours, and then EIB will be used. Should EIB be exhausted, PLB will be charged. If EIB and PLB have been exhausted, the employee may apply for the City's short-term disability coverage (for the employee's own medical condition) or the remaining leave will be without pay.

For paid non-medical leaves, all accrued PLB must be used. Any remaining time will be unpaid.

From the date the FMLA Certification of Healthcare Provider Certification is received in Human Resources, qualifying EIB and PLB will be applied retroactively for a maximum of 60 calendar days.

**Intermittent Leave or Reduced Work Schedule** - With the attending physician's written direction, leave may be taken on an intermittent basis if it is due to your personal illness, or to care for your spouse, child, or parent. Requests for intermittent leave for the birth, adoption or placement of a foster child may be granted on an individual basis with approval of the City Manager based on a recommendation from the Department Director and in consultation with the Human Resources Director.

The City may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule, for the leave for the employee or the employee's family member that is foreseeable and for planned medical treatment, including recovery from a serious health condition or to care for a child after birth.

**Certification of Serious Health Condition** - The City requires certification of the serious health condition or other medical documentation for Paternity Leave. The employee must respond to such a request within 15 days of the request, or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. Medical certification should be provided using the Medical Certification Form, which you may obtain from the Human Resources Staff.

Certification of the serious health condition shall include: the date when the condition began, its expected duration, and a brief statement of treatment. For medical leave for the employee's own medical condition, the certification must also include a statement that the employee is unable to perform work of any kind or a statement that the employee is unable to perform the essential functions of the position. For a family member who is seriously ill, the certification must include a statement that the patient, the family member, requires assistance and that the employee's presence would be beneficial or necessary.

The City has the right to ask for a second opinion if it has reason to doubt the certification. The City will pay for the employee to get a certification from a second doctor, which the City will select. If necessary to resolve a conflict between the original certification and the second opinion, the City will require and pay for the opinion of a third doctor. The third opinion will be considered final. The employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinions.

**Procedure For Requesting Leave** - All employees requesting leave under this policy must provide verbal notice with an explanation of the reason(s) for the needed leave to their immediate supervisor, who will advise the Human Resources Staff. If the leave is foreseeable, the immediate supervisor should request that the employee provide a written request and reasons(s) with a copy to the Human Resources Staff.

The City will provide individual notice of rights and obligations to each employee requesting leave within five business days. When an employee plans to take leave under this policy, the employee must give the City 30 days' notice. If it is not possible to give 30 days' notice, the employee must give as much notice as is practicable. An employee who is to undergo planned medical treatment is required to make a reasonable effort to schedule the treatment in order to minimize disruptions to the City's operations.

If an employee fails to provide 30 days' notice for foreseeable leave with no reasonable excuse for the delay, the leave request may be denied until at least 30 days from the date that the City receives notice. While on leave, employees are requested to report periodically to the Human Resources Staff regarding the status of the medical conditions, and their intent to return to work.

An employee who fraudulently obtains FMLA leave is not protected by FMLA's job restoration or maintenance of health benefit provisions and will face discipline up to and including termination. Authorization for outside employment is suspended for any employee on FMLA leave for his/her own serious health condition.

If you have questions about this policy or would like a complete description of your rights and responsibilities under the Family and Medical Leave Act, contact the Human Resources Staff.

**Military Family Leave Entitlements**- Eligible employees with a spouse, son, daughter, or parent on active duty or called to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

Eligible employees may also take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty. The injury or illness must make the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status, or is on the temporary disability retired list.

The City of Louisville is committed to working with employees to establish mutually beneficial flexible work schedules while considering the needs and expectations of our internal and external customers.

Supervisors are responsible for establishing work schedules. Employees may request a change to their work schedule by submitting a written request. The request should include the proposed start date, proposed flexible work schedule, how this new schedule will benefit the organization, and any potential adverse impact. The supervisor and Department Director may approve or deny the flexible work schedule.

Should the request be to change a work schedule to reduce or increase the employee's FTE status (number of work hours allocated to work each week), or requires changes to the hours that City facilities are open and available to the public, the Human Resources Director and City Manager must also review and approve the request.

The supervisor and/or the Department Director may change the schedule back to a traditional work schedule.

- *Benefited Part-Time Employees*

In special and extenuating circumstances, a leave of absence without pay may be granted, subject to the approval of the supervisor, followed by the Department Director and finally the City Manager. Such leave may be granted when it is in the City's best interests to do so. During your absence the City may elect to fill your position with temporary personnel.

In order to be eligible for leave without pay, you must first use all accrued Paid Leave Bank time and any accrued compensatory leave. If they approve and support the request, the request will be forwarded onto the City Manager to review and make a final determination.

Leave without pay will not be granted for more than one (1) year. If your leave without pay exceeds 30 calendar days, you will be responsible for the whole premium payment of group insurance premiums beginning on the 31st day. If your leave without pay exceeds 90

calendar days, the City does not guarantee the same position will be available upon your return and on the 91<sup>st</sup> day all other employee benefits cease.

In addition your computer loan must be paid in full on the 91<sup>st</sup> day. If your position is not available after 90 days, you will be placed on an eligibility list for 9 months to be considered for future openings for which you may be qualified.

The accrual of your PLB and EIB will cease while you are on leave without pay, unless you are on FMLA leave or Military Leave. Your performance review and length of service will be adjusted commensurate with your time off. A leave of absence will not be granted to a provisional employee. Should an employee take leave without pay without the approval of the City Manager, he/she may be subject to disciplinary actions.

### **Light Duty Assignment** *(Updated June 1, 2021)*

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

An employee may be considered for a short-term alternate work program, sometimes called modified or light duty, when recovering from an injury or illness due to a workers compensation injury. Assignments will be made on a case-by-case basis by the Department Director and the Human Resources Director while considering the work restrictions outlined by the healthcare provider and the availability of alternative work.

See Return-To-Work policy for more details.

### **Long Term Disability (LTD)**

*Eligible employment status:*

The City offers all benefited part-time and full-time employees a Long Term Disability Plan. If you become totally disabled while actively employed and covered by the plan, you may be eligible for long-term disability benefits after 90 calendar days of disability, or the end of any accrued Paid Leave Bank or Extended Illness Bank time, whichever is later. The benefit amount for a long-term disability claim is 60% of your monthly earnings, up to a maximum of \$7,000 per month. This amount may change depending upon coordination with other insurance plans and Social Security benefits. The City pays the full monthly LTD premium for eligible full-time employees. Benefited part-time employees pay a portion of the cost for long term insurance coverage on a prorated basis.

The Summary Plan Description booklet provides details about the coverage can be obtained from the Human Resources Staff.

### **Medical Insurance**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

The City currently offers medical insurance to all benefited part-time and full-time employees. Coverage starts on the first day of the month following your date of hire. Coverage is also extended to your spouse and eligible dependents.

Because plan choices and features may change from year to year, more details are provided in the annual plan summary, insurance plan documents, and other enrollment materials. The Summary Plan Description document describes in detail what coverage is provided, and what constitutes an eligible dependent.

Benefited part-time employees are eligible for health insurance on a prorated basis or the Tier 2 level (Employees working 30 – 35 hours per week).

An employee who is considered eligible to receive medical insurance benefits may waive City-provided medical insurance benefits if the employee certifies that he/she has existing medical insurance coverage and that such coverage is expected to continue throughout the Plan Year. The employee must produce a statement on letterhead documenting that they have coverage through another entity.

Employees who waive health insurance coverage and subsequently experience a qualified change in their status may enroll in a City provided health insurance plan within thirty (30) days of the qualifying event.

If your employment with the City is terminated for any reason, health insurance coverage will end at midnight on the last day of the month in which your employment ends. Under certain circumstances (divorce, loss of job, etc.), you and/or your dependents may be able to continue your group health insurance coverage under the provisions of the Consolidated

Budget Reconciliation Act of 1985 (COBRA) when you leave the City's employment. You will be notified by the City's COBRA administrator of your rights and obligations under the Act. The City reserves the right to amend, change, or cancel medical insurance coverage at any time.

### **Military Leave**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

If you are a member of the National Guard or the military reserve forces of the United States you are allowed up to fifteen (15) days' military training leave, without loss of pay and benefits, each calendar year. You are required to report to work as soon as your military obligation ends.

In situations where you may be required by proper military authority to exceed the fifteen days allowed, you may elect one of two options.

- Use any accrued Paid Leave Bank time or accrued compensatory leave to make up the difference between your military pay and your City pay.
- Apply for an unpaid leave of absence. A memo must be written to the City Manager outlining the reasons the employee is requesting unpaid leave along with information regarding the need for the leave to be unpaid. The City Manager must authorize all unpaid leave of absences.

A military leave of absence will be granted if you enlist, are inducted, or are recalled to active duty in the Armed Forces of the United States for a period of up to four years (plus any involuntary extension for not more than one year), if you are a benefited part-time or full-time employee. You will retain all rights with respect to reinstatement, seniority, leave banks, layoffs, compensation, and other benefits as required by applicable Federal or State law.

You are eligible to continue participation in the City's health insurance plans under the provisions of COBRA while on active military service. You will not accrue Paid Leave Bank or Extended Illness Bank time during this period. Upon your return to work, your accrual rate for Paid Leave Bank time will be adjusted to reflect your years of military service.

Upon your release from active duty you must reapply, for your position, within ninety (90) calendar days of your discharge. You will be required to provide either an Honorable Discharge Certificate or a Discharge from Active Duty (DD-214) as proof of satisfactory completion of military service.

You must submit a copy of any orders for active duty training, enlistment, induction, or recall to your immediate supervisor in advance of taking the leave. Failure to do so may result in the loss of your reemployment rights or in disciplinary action being taken.

*(Updated January 1, 2021 in accordance with Healthy Families & Workplaces Act (HFWA))*

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

A Paid Leave Bank (PLB) is established to provide for paid time away from scheduled work for vacation time, sick days, holiday observances, personal business, and for the first forty hours (40) hours of scheduled working hours of FMLA. Excluded from the requirements of using the PLB are time away from work due to the use of Civil Leave, Military Leave, Bereavement Leave, Voting Time, and Injury Leave. Separate policies cover absences for those reasons.

Paid Leave Bank time accrues as follows and was updated to provide at least 48 hours of paid sick leave to comply with the HFWA:

- All actual hours worked.
- Extended Illness Bank (EIB) hours used to replace scheduled hours. Paid leave provided under the provisions of the Civil Leave, Bereavement Leave, Military Leave, Injury Leave, and Voting Time policies.
- Compensatory Time

Adjustments to accrual rates take effect during the pay period of your anniversary date of employment.

- The maximum amount of PLB hours you will be allowed to carry on the books at any time shall be one and one-half times your annual accrual rate.  
(Example: If you earn at the rate of 216.06 hours annually, you will be allowed to carry forward a maximum of 324.09 hours. No hours will accrue beyond the maximum established for your length of service.)

Leave must be approved in advance, other than unscheduled illnesses. Department Directors may require leave to be approved in advance and may or may not require the use of leave slips. Check with your Department Director regarding his/her requirements regarding leave slips. A Department Director may restrict PLB leave due to operational needs. Remote Working is a privilege and an alternative method of working to allow certain employees the flexibility of working from home or at an alternate, approved location on a full time basis in Colorado. A City office, cubicle, or other designated workspace will not be provided for remote workers.

Other than the remote location, all other aspects of the Teleworking or Remote working employee's job remain the same including FLSA status, compensation, benefits, work responsibilities, overtime, and pay periods. At the supervisor's discretion, telecommuters may be directed to check in at the beginning or end of the workday, and are required to be available for telephone calls during their scheduled teleworking hours. Teleworking and Remote working schedules must be communicated clearly to others within the organization, as well as external partners/customers.

### **Eligibility:**

Teleworking and Remote working is not a universal employee benefit but rather privilege based on the following criteria:

Employees' teleworking or remote working **must be able and willing to report to the office during core business** hours with little notice for the purpose of attending required meetings, filling in for other staff members due to an emergency or any other business reasons as deemed appropriate by their supervisor or Department Director. Employees who are teleworking or remote working must be available by phone at all times during their regular working hours.

In order to maintain the City's high customer service standards, positions that require a high level of daily face-to-face contact with citizens, internal and external customers, or co-workers will not be considered eligible for teleworking or remote working.

Field-work positions are not eligible for teleworking on a regular, on-going basis. They may be eligible for temporary teleworking assignments; see Ad Hoc section for additional details.

4. The Department Director will contact IT and together they will approve a list of equipment the City can provide employees for teleworking or remote working.
5. Complete and submit the Teleworking or Remote Worker Agreement to your Department Director.

Department Directors must submit their requests to the City Manager for review and determination of their teleworking request.

Department Directors have the sole discretion on determining if an employee is eligible for Telework or Remote work based on the criteria listed above. The Department Director or the

City Manager may discontinue or suspend the Telework or Remote work arrangement at any time based on the criteria above and/or other business related reason(s). Teleworking and Remote Worker agreements should be requested and reviewed on an annual basis in conjunction with the employee's annual performance appraisal process.

All approved or denied Telework or Remote Worker Agreements must be completed and submitted to Human Resources to be placed in the employee's personnel file.

- If approved for Remote work, the Department Director should submit a Personnel Action Request (PAR) to Human Resources for the one-time remote worker set-up stipend of \$300 and the \$50 per month cell phone stipend. Completed Cell Phone Agreement must also submitted with the request.

While it is not required that Telework or Remote workers schedules be uniformly available to all positions in a department/division, the Department Director is responsible for ensuring the fair and equitable administration of this procedure for employees.

Each Department Director will be responsible for ensuring that all services of the City are available to internal and external customers during regular business hours and that the efficient and effectiveness of the City's operations will be provided when considering teleworking or remote worker requests.

### **Workers' Compensation** *(Updated June 1, 2021)*

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

You are covered for medical treatment and lost wages in cases where you are injured on the job, or where you contract an illness that is work related.

The City has a generous "salary continuation" agreement authorized by the Colorado Department of Labor that allows the City to pay full wages for the first 200 hours of an injured employee's injury leave. After the first 200 hours of an employee's injury, the employee will be paid 66 and 2/3 of his/her average weekly wage as is the standard rate per the Colorado Worker's Compensation Act.

If you are injured on the job, you must notify your supervisor immediately (i.e. the same day as the injury). Failure on the part of the employee to report an injury or illness within four days of its occurrence, as required by Colorado Revised Statutes §8-43-102(1), may result in the loss of benefits. If you require medical attention, your supervisor will authorize you to visit one of the City's two designated medical providers for Workers' Compensation injuries.

Your supervisor will complete a First Report of Injury form and send it to Human Resources staff for processing and notification to the City's insurance carrier.

In the event of a life or limb threatening emergency, you will be sent to the nearest emergency medical facility. Follow-up care must be given by the City's designated medical provider. You can obtain the designated medical providers from your Department Director, Manager, Supervisor, or the Human Resources Staff. If you are treated by an unauthorized medical provider, you may be responsible for payment of such treatment.

If you are dissatisfied with the care you receive from the medical provider, please contact the Human Resources Staff. We will seek authorization from the insurance provider to assign a different physician so that a second opinion can be obtained.

**Return-To-Work from a workers compensation injury:**

The City has adopted this practice with the intent of utilizing eligible injured workers in a productive capacity while they are recovering from a workers compensation injury and placed in a temporary modified duty position. The temporary modified duty position is to provide a progression of job duties that will gradually return the injured worker to his/her regular position.

The injured workers should deliver a copy of the medical provider's work-status report to Human Resources within 24 hour of the medical visit, if feasible. The injured employee, the Human Resources representative, the medical provider, and the supervisor are expected to maintain regular contact with one another during the course of the injury to stay informed about work restrictions and the recovery status of the employee.

Temporary Modified Duty will be allowed as long as it is realistic for the job to continue as determined by the Department Director and the Human Resources Representative or until the injured worker receives a release to full duty or he/she reaches maximum medical improvement (MMI) status.

If Temporary Modified Duty is no longer available, and the employee has not been released to full duty or reached MMI, the employee may be placed on FMLA leave. See FMLA Leave policy for further details.

While the employee is on Temporary Modified Duty, the injured worker will be held to all existing personnel policies and will be responsible for maintaining acceptable performance standards as a condition of employment.

Fraudulent workers' compensation claims are grounds for immediate dismissal.

Any form of harassment, including sexual harassment of a City employee by anyone, including any supervisor, co-worker, vendor, or customer of the City is strictly prohibited.

Harassment consists of unwelcome conduct, whether verbal, physical or visual. The transmission, downloading, storage or distribution of material containing inappropriate comments that are sexually, racially or ethnically offensive, or which contain jokes, slurs or disparagements of or threat to others is prohibited. Similarly, insulting, degrading, threatening or otherwise offensive, hostile remarks, graffiti, posters, writings, gestures, actions or other communications are strictly prohibited. An employee who is subjected to any form of harassment shall report the incident or situation to one of the following: his/her immediate supervisor, or any supervisor or manager, or any Department Director, or any member of the Human Resources Staff. The immediate supervisor is responsible for conduct between co-workers and the conduct of non-employees in the workplace where the supervisor has knowledge of or should have known of harassing conduct. This responsibility includes taking immediate action to report allegations of harassment and to assist in correcting such behavior.

Each reported incident of harassment will be investigated and documented by the Human Resources Staff or third party as determined by the Human Resources Director. Employees must cooperate in any investigation involving questionable employee conduct. Investigations will be handled on a strict "need to know" basis. The City will not tolerate retaliation against any individual who brings a harassment complaint in good faith, or who testifies and/or assist in any investigation. Employees in violation of this policy will be subject to disciplinary action, up to and including termination. A false statement(s) of harassing behavior shall result in discipline, up to and including termination.

In addition, you are not to solicit or conduct any outside business during paid working time.

### **Exit Interview**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Or as requested*

Learning why employees leave is a valuable tool in showing management where changes could be made. This is accomplished through exit interviews.

When you terminate your employment, you may be asked to meet with a Human Resources representative for a confidential interview. These interviews are voluntary, and will not affect your ability to return to work for the City in the future.

### **Final Pay**

See Section 7 – Pay and Compensation for details.

### **Lay-Off**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

The City reserves the right to make all layoff decisions in its sole discretion, based on factors that the City deems relevant. Relevant factors may, but need not, include the City's staffing requirements, employee skills, knowledge, performance and experience. Seniority need not be considered if the City determines in its sole discretion that other factors are more relevant.

A Department Director, with the approval of the City Manager and in consultation with the Human Resources Director, may separate an employee for lack of funds, curtailment of work, and/or change in operations or organizational structure. The City may immediately relieve an employee of further duties and will compensate the employee's salary and benefits for at least two weeks. Full time and benefited part-time employees will receive full compensation for accrued and unused Personal Leave Bank hours (PLB) and compensatory time.

All benefits will end in accordance with current plan year guidelines, unless other arrangements are approved by the City Manager. The employee will have an independent right to elect COBRA coverage to continue health, dental, and vision insurance. *Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*

- *Temporary Employees*

For resignations the City requests employees give a minimum of two weeks written notice. Managers and Department Directors are requested to give four weeks notice. This notice must be given in writing to your supervisor, who will forward it to the Human Resources Office for processing. The Human Resources Office may schedule an exit interview to solicit your comments on City policies and practices, or on any other aspect of the job, and discuss benefits continuation policies, and your final paycheck.

Your final paycheck will be issued on the next scheduled pay day for the pay period in which your resignation is effective. Prior to issuance of your final paycheck, all City property assigned to you must be returned, prior to your last day of employment.

The City does not recognize the concept of “terminal leave.” Once you submit a resignation, a date certain for your last day of employment will be established. With the exception of intermittent leave approved by your Department Director, you are fully expected to be actively at work during your notice period. You may not use any balances in your Paid Leave Bank to extend your term of employment with the City.

## **Section 4**

# **DEVELOPMENT OPPORTUNITIES**

## **SECTION 4 – DEVELOPMENT OPPORTUNITIES**

### **Conference and Travel Expense** (updated June 1, 2021)

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

### **Purpose and Scope**

This policy pertains to all travel and all travel-related expenses. This policy does not apply to social gatherings where the City encourages attendance of employees, elected officials, and their spouses. This policy does not apply to costs incurred for employee recruitment. All travel where an employee expects to incur reimbursable travel expenses, must be approved in advance by the employee's Department Director. The City Manager must approve travel requests from Department Directors. Both the employee's Department Director and the City Manager must approve all travel which an employee expects to incur over \$1,000 in reimbursable travel expenses. If more than one (1) employee is attending the same conference, seminar, or meeting, the \$1,000 threshold for Department Director and City Manager approval applies to the group, not the individual employees. All travel requests and signatures of approval will be documented on a Travel Request Form (See Appendix D).

### **Acceptable Reimbursable Travel Expenses**

Upon proper approval of the Travel Request Form, the City will reimburse all travel-related expenses such as commercial transportation, lodging, meals, tips, registrations, parking fees, communication charges, and other business-related expenses at actual cost. The City will not reimburse travel-related expenses for the spouse or other personal guests of an employee or elected official, unless the City has required or encouraged their participation. Examples of non-reimbursable entertainment expenses include, but are not limited to, alcoholic beverages, theater tickets, and sporting event tickets.

***Transportation.*** Reimbursement of transportation and related expenses will be based upon the least expensive mode of transportation available, unless a more expensive mode is necessary due to business-related requirements. In determining the least expensive mode, commercial bus service will be excluded. The City will reimburse the use of privately owned vehicles for City business at the mileage rate set by the Internal Revenue Service, at the time of travel.

***Lodging.*** Reimbursement of lodging and related expenses will be based on what is a normal and reasonable cost for the area. The City will reimburse lodging through VRBO, AirBNB and similar services at a reasonable cost compared to a hotel, unless a more expensive mode is necessary due to business-related requirements. Proximity to a conference, seminar, or meeting will also be taken into account. If a double room is required because a spouse or personal guest has accompanied an employee, the City will reimburse only the cost of a single room. The City will reimburse any business-related communications costs (telephone, fax, internet access, etc.). The City will not reimburse the costs of in-room movies or personal communications costs. If cancellation, cleaning, or other fees are incurred due to actions of the employee(s), the City will not reimburse those costs. The City will not reimburse deposit costs or reimburse an employee's stay with

personal acquaintances.

**Meals.** Reimbursement for meals will be based on a standard meal and incidental allowance. This allowance will equal the maximum Continental United States (CONUS) rate as established by the U.S. Government Service Administration (GSA). To receive the standard meal allowance, an employee must be traveling away from home. Travel away from home is defined as travel during which an employee has to stop for sleep or rest. An employee not traveling away from home will receive an actual cost reimbursement for eligible meal expenses.

If an employee is not traveling for an entire 24-hour day, the employee must prorate the standard meal allowance by dividing the day into 6-hour quarters as follows:

- 1) Midnight to 6 a.m.
- 2) 6 a.m. to noon
- 3) Noon to 6 p.m.

If meals are included within a registration fee (for example, a conference banquet) the standard meal allowance will be reduced based on the GSA Rates Table shown below. Complimentary continental breakfasts are not considered meals and will not reduce a daily standard meal allowance.

**Employee Advance for Anticipated Travel Expenses**

Once the Travel Request Form has been approved, an employee is eligible to receive a cash advance up to the total amount of travel-related expenses estimated on the Travel Request Form. The Finance Department will determine whether an advance is made from petty cash or through the accounts payable process. To receive a travel advance, the employee must enter the amount requested in the appropriate area on the Travel Request Form, have it signed by the Department Director and submit it to the Finance Department. A Travel Request Form containing a request for travel advance should be submitted well in advance

of the first day of travel. Employees are encouraged to use a City purchase card for major travel-related expenses, such as airline tickets, hotel charges, and conference registrations. Due to vendor categorization restrictions, a City purchase card may be rejected when attempting to reserve lodging through VRBO, AirBNB, or similar 'vacation rental' services.

### **Request Travel Expense Reimbursement**

After travel has been complete and reimbursable travel-related expenses have been incurred, employees must complete a Travel Reconciliation Form to receive reimbursement or to reimburse the City for an overpayment of an advance. A Department Director must approve all Travel-Reconciliation Forms. In the case of a travel reimbursement request by a Department Director, approval is required from the City Manager or Finance Director. In the case of a travel reimbursement request by an elected official, either the City Manager or the Finance Director must sign the Travel Reconciliation Form.

Within 2 weeks of returning from travel, employees shall submit a properly authorized Travel Reconciliation Form to the Finance Department. Only travel expenses for which the employee is entitled to reimbursement shall be entered on the Travel Reconciliation Form.

If an employee is requesting a reimbursement, the Travel Reconciliation Form along with receipts shall be delivered to the Finance Department. If the City is due a reimbursement (due to an advance exceeding the actual costs), the Travel Reconciliation Form along with receipts and a sealed envelope containing the reimbursement funds shall be delivered to the Finance Department.

The Finance Department will maintain a file of all Travel Reconciliation Forms and will match each Travel Reconciliation Form to its corresponding Travel Request Form. Upon receipt of a completed Travel Reconciliation Form, the Finance Department will perform a review to determine compliance with City policy. Any non-compliance, missing information, etc. will be reported to the employee, the employee's Department Director, and/or the City Manager. If compliance is not achieved within 5 days from the Finance Director's notification, the City Manager will be notified, the employee will be prohibited from incurring any additional reimbursable travel expenses, and the necessary disciplinary action will be taken to gain compliance.

### **Compensable Travel Time**

Travel time for non-exempt (non-salaried) employees during normal off-duty time may be compensable and shall be compensated according to the Fair Labor Standards Act (FLSA).

***Home to Work Travel.*** An employee who travels from home before the regular workday and returns to his/her home at the end of the workday is engaged in ordinary home to work travel, which is not considered work time.

***Home to Work on a Special 1-Day Assignment in Another City.*** An employee who regularly works at a fixed location in one city is given a special one-day assignment in another city and returns home the same day. The time spent in traveling to and from the other city is work time, except that the employer may deduct (not count) that time the employee would normally spend commuting to the regular work site.

***Travel That is All in the Day's Work.*** Time spent by an employee in travel as part of his/her principal activity, such as travel from job site to job site during the workday, is work time and must be counted as hours worked.

***Travel Away from Home Community.*** Travel that keeps an employee away from home overnight is travel away from home. Travel away from home is clearly work time when it cuts across the employee's workday. The time is not only hours worked on regular working days during normal working hours but also during corresponding hours on nonworking days.

### **Performance Evaluation**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

The City's expectation is that all employees receive regular informal feedback. Supervisors would be encouraged to provide written feedback to new employees at the six months time frame.

The City's system of performance evaluation provides a basis for the following:

- An annual evaluation of your work performance in a fair and consistent manner.
- A method for immediate corrective action when the work performance in any area of your assigned job duties does not meet expectations.
- An evaluation of your work performance recorded on a form which is easily visualized and understood by you.

After completing your initial provisional period, your performance will be reviewed annually on the anniversary date of your employment. This date will change if you are promoted to a new position, take a leave-of absence in excess of 90 days, are demoted, or your position is reclassified.

Performance evaluations are tools to discuss performance according to standards established for your position; to discuss your goal accomplishment; to provide you with feedback on your progress as well as opportunities for growth and development; and to determine any adjustments to your salary.

An employee may be placed on a Performance Improvement Plan when an employee's performance is inconsistent and/or unacceptable. (See Section 3 – Conduct/Corrective Action for more details).

### **Professional Associations**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

The City may approve memberships for employees in certain trade and professional associations in which it wants to be represented. Memberships are requested and approved through your Department Director, and are subject to budgetary considerations.

Employee participation in trade and professional association activities will be considered as hours worked for pay purposes, up to the amount of hours in your normal work day. Non-exempt employees who are afforded professional association membership will be compensated in accordance with the provisions of the Fair Labor Standards Act.

## **Promotions**

*(Updated January 1, 2021 in accordance with the Colorado Equal Pay for Equal Work Act – Senate Bill 19-085)*

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

A promotional opportunity exists when the City has or anticipates a vacancy in an existing or new position that could be considered a promotion for one or more employees in terms of compensation, benefits, status, duties or access to further advancement.

It is the City's policy to fill vacancies and new positions with individuals who are, in the City's opinion, the most qualified applicants. Whenever possible, new positions and vacancies will be filled from within the City. All new and vacant positions must be posted for a minimum of 7 calendar days.

Employees who have demonstrated good work habits, exemplary day-to-day performance and have maintained good attendance records, and who want to accept more responsibility may be considered prime candidates for promotional opportunities where they meet minimum qualifications established for the position. Individual growth and initiative displayed by participation in both formal and informal job training and professional certification programs is also a consideration.

If an employee is promoted (moving at least one pay grade higher or the duties of the position are significantly different), the salary will be adjusted to the minimum of the new salary grade, or 10%, whichever is greater. The employee will be placed in a provisional status in his/her new position for a period of 180 calendar days and have as a new anniversary date the effective date of the promotion. Failure to satisfactorily complete the provisional period in the new position may result in the employee being returned to his/her previous position, if a position is still vacant and available. When that vacancy is not available, the employee may be terminated. The City will provide a list of open positions that he/she may apply for.

If the promotion is for a temporary period (of up to six months) is an Acting or Interim Assignment, different criteria apply per the Colorado Equal Pay for Equal Work Act. See "Temporary, Acting or Interim Assignments Policy" for more details.

## **Reclassifications**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

When an employee believes his/her job duties have significantly changed, the employee should discuss this with his/her supervisor. If the supervisor agrees the employee's job duties have changed, a written request for reclassification must be submitted by the Department Director to the Human Resources Office. Requests for reclassification will be reviewed annually typically during the third quarter of the year.

The Human Resources Office will review the requests with the City Manager's Office. The City Manager will determine if an evaluation of the position is warranted. A Position Questionnaire will be sent to the employee and the supervisor to complete. Human Resources may conduct a job audit, interview, or any other evaluation method to determine the merits of the request. This evaluation may result in a decision to upgrade, downgrade, or leave the job at the same level.

The employee's annual performance ratings or length of service are not factors in determining if a reclassification should occur. The needs of the City and the actual change in duties and responsibilities are the factors that will be used.

If the position is reclassified, the employee will not be required to complete a new provisional period but a new anniversary date will be established on the effective date of the new classification. If the position is reclassified upward the salary will be adjusted to the minimum of the new salary range, or 10%, whichever is greater. If the reclassification results in the position being placed in a lower salary grade, the salary will be adjusted to the closest step in the new range that does not result in a salary reduction, provided that the employee cannot exceed the maximum established for the range.

### **Temporary, Acting or Interim (TAI) Assignments**

*(Updated January 1, 2021 in accordance with the Colorado Equal Pay for Equal Work Act – Senate Bill 19-085)*

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

A Temporary, Acting or Interim Assignment (TAI) may occur when an employee moves temporarily (for up to 6 months) from one position to another and is not expected to be permanent. The TAI Assignment may be filled by transferring an employee from one position to the TAI Assignment as long as the employee meets the minimum qualifications for the position and has demonstrated good work habits.

A Department Director may initiate the TAI of an employee within his/her department and the transfer is reviewed by the Human Resources Director in advance of the intended action. The City Manager may initiate an interdepartmental TAI when he/she deems it to be in the best interests of the City.

If the position becomes permanent, the position posting must be announced to all employees so they may apply for the position.

If an employee is requested to serve in a supervisory or management capacity for a period greater than three consecutive work weeks (fifteen working days), the City Manager may approve a temporary salary increase up to a ten percent or the minimum of the salary grade, which ever is greater, for the time period during which the employee would serve in the TAI position.

Upon completion of the employee's TAI Assignment, he/she will be returned to his/her regular position and salary grade.

The City of Louisville is a “public entity” and has a responsibility to provide certain information to the public. Because much of what we do is of interest to the general public, we receive many inquiries from the news media. Much of the information we possess or have access to is a matter of public record, and can be legally released to anyone who asks for it. However, some information we have may be confidential, privileged, or legally sensitive and may be subject to restrictions or prohibitions from public access.

Because there are situations where the definition of what is a “public record” and what is confidential or sensitive is not clear, we need to be careful about releasing specific information. It is impossible to “take it back” once a piece of information is released. Once a person hears what you say or reads a document you provide, it is public. Here are some guidelines to follow when dealing with the release of information:

- Never assume information will be held in confidence. Once information leaves your custody, you have no control over what is done with it. Nothing is “off the record.”
- Always check with your Department Director if there is any question about whether a piece of information should be released.
- Do not attempt to answer questions from the media if you are not sure whether the information should be released. Refer the media to your Department Director or to the City Manager.
- Be careful when offering opinions, inferences, conjecture in a context where they may be taken as facts. Clarify your statement as your opinion. Because you represent the City of Louisville, things you say will be considered “official.” You should not repeat anything publicly if you do not have personal knowledge of the facts.
- The City Manager may designate certain employees as authorized spokespersons to release information to the news media. Other employees should refrain from releasing information to the media regarding City business unless authorized by a Department Director.
- The City Manager, on advice of the City Attorney, will be the final authority on matters of what is and is not a “public record.” Questions about what information may be released should be referred to the City Manager’s Office.
- Attorney/Client Communications should not be released.

## **Personnel Files**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*
- *Seasonal Employees*
- *Temporary Employees*

An employment history for each employee is on file in the Human Resources Office. You may review your personnel file in the presence of a Human Resources Staff during normal working hours. Your file may also be reviewed by your Department Director, your immediate supervisor, prospective supervisor, the City Manager, and the City Attorney. Unless otherwise required by law, the information in personnel files is confidential and may not be used or divulged to others without the employee's written permission.

Occasionally, outside agencies call to verify employment or ask for information they need to conduct their business. Please direct all these phone calls to the Human Resources Staff. Human Resources Staff will only release the following information:

- Employee's position title
- Employee's length of employment with the City of Louisville
- Current status with the City: Active, Inactive, or Former employee
- If a former employee, the termination date may also be released.

Additional information requires a release signed by the employee, unless the "Colorado Open Records Act" mandates the release. Certain documents contained in your personnel file are considered to be a "public record," as determined by the Colorado Revised Statutes (CRS ~24-72-204). These documents are: your application for employment or resume, and your most recent performance evaluation rating. These documents may be reviewed by a third party. Personal information will be redacted from the documents prior to a third party review.

The official personnel records for all city employees are maintained by the Human Resources Staff. All personnel actions shall be forwarded to Human Resources for inclusion in the employee's personnel file. The official personnel file includes but is not limited to the following: Personal Action Requests (PARs), records documenting promotions, reclassifications, pay increases, hiring and separation information, copies of all written disciplinary actions against the employee, letters of commendation, training certificates, copies of education and training request forms, performance evaluations, the employee employment application, and any other documents containing information directly related to the employee's employment with the City. Telephones should be answered promptly. All callers to the City should be treated with dignity and respect. When answering the phone, you need to greet the caller, and identify yourself and your department, division, or office. City telephones are to be used to conduct City business. Employees should not use the City telephone for personal long-distance

You are not required to take any verbal abuse; you are also not to engage in an argument with a caller. Calls of this nature need to be referred to your supervisor at once.

Cell phone use for personal business should be kept to a minimum during employees' standard working hours and should not interfere with providing services to citizens, the public, or co-workers.

The City strives to provide compensation for employees that is competitive within an established labor market, is within the City's ability to pay, and where comparable positions in the City's Pay and Classification Plan receive similar pay. Pay ranges for employee classification levels are published in the City's annual Pay Plan.

The City Manager, in consultation with the Human Resources Director, establishes a compensation plan in which each job title is assigned to a pay range, taking into account factors such as the relative difficulty and responsibility of work and other criteria as deemed relevant.

Pay ranges are established annually via a salary survey with similar sized cities within the defined labor market. The purpose of this compensation survey is to obtain information concerning the wages that are generally prevailing in these surveyed cities for similar work performed (without regard to title only, but with regard to duties and responsibilities comparable to the position surveyed).

## **ADMINISTRATIVE POLICIES**

**CITY OF LOUISVILLE  
CDL DRIVER DRUG AND ALCOHOL TESTING  
POLICY AND PROCEDURE  
IN COMPLIANCE WITH  
DOT REGULATIONS  
(Revised 6-26-09)**

**I. Purpose**

The City of Louisville is committed to a safe, healthy and productive work environment for all drivers free from the effects of substance abuse. Drug or alcohol use may pose a serious threat to health and safety. Abuse of alcohol, drugs, and controlled substances impairs driver judgment, resulting in increased safety risks, injuries, and faulty decision-making.

The use of controlled substances and the misuse of alcohol increase the risk of accidents, jeopardize the safe work environment, and cause harm to an individual's health and personal life. The purpose of this policy is to establish procedures to support a safety and health program and to comply with minimum federal safety standards for drivers holding commercial driver's licenses regulated by the Department of Transportation (DOT). These standards were designed to reduce accidents that result from driver use of controlled substances and alcohol.

**II. Applicability**

This policy applies to all drivers who are required to hold a commercial driver's license (CDL) in order to perform their job for City of Louisville. A driver needs a CDL if he or she drives a City of Louisville vehicle:

1. With a gross combination weight rating of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight of more than 10,000 pounds;
2. With a gross vehicle weight rating of 26,001 or more pounds;
3. Designed to transport 16 or more passengers; or
4. Of any size that is used to transport hazardous materials which require the vehicle to be placarded under the hazardous materials regulations.

For purposes of this policy, a driver is covered by DOT regulations as those regulations relate to the driver's fitness-for-duty and use of alcohol prior to going on duty, while on duty, or while operating or having physical control of a commercial motor vehicle. DOT testing for controlled substances under this policy requires that drivers abstain from the use of controlled substances at any time or risk violating DOT regulations prohibiting the presence of controlled substances in their body. A driver's participation in this policy is required, and therefore, is a condition of employment.

### **III. Statement of Policy**

1. No driver shall unlawfully manufacture, use, possess, or distribute controlled substances.
2. No driver shall report for work or perform any safety-sensitive functions when the driver has any controlled substance present in his or her body, except when the use is at the instruction of a physician who has advised the driver that the substance does not adversely affect the ability to safely operate a City vehicle. Presence of controlled substances will be determined by testing performed as described in this policy.
3. No driver shall perform safety-sensitive functions within 4 hours after consuming alcohol.
4. No driver shall consume alcohol while performing safety-sensitive functions.
5. No driver shall possess alcohol while on duty.
6. No driver shall report to work or perform safety-sensitive functions while having an alcohol concentration of .04 or greater. Drivers' alcohol concentration will be determined by testing performed as described in this policy.
7. No driver shall leave the scene of an accident, without a valid reason, before arranging to have both a controlled substance and alcohol test performed.
8. No driver shall consume alcohol after an accident unless 8 hours have expired or until the driver has been tested, whichever occurs first.
9. No driver shall refuse to take a required test.
10. A driver shall, when drugs are prescribed by a licensed medical practitioner, inquire of the prescribing practitioner whether the drug prescribed has any side effects which may impair the driver's ability to safely perform the driver's job duties. If the answer

from the medical practitioner is yes, the driver shall obtain a statement from the medical practitioner indicating any work restrictions and their duration. The driver shall present that statement to his or her supervisor prior to going on duty.

#### IV. Safety Sensitive Functions

The following are safety-sensitive functions to which the prohibitions on alcohol or controlled substance use of these policies apply. If a driver does any of these activities with respect to a City of Louisville vehicle to which a CDL applies, a driver is considered to be performing a safety-sensitive function:

1. All time at the City of Louisville or shipper plant, terminal, facility, or other property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the City of Louisville;
2. All time inspecting equipment as required by the law or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time;
3. All time spent at the driving controls of a commercial motor vehicle in operation;
4. All time, other than driving time, in or upon any commercial motor vehicle except time spent resting in a sleeper berth;
5. All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and
6. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

#### V. Consequences of Violation of this Policy

1. **Removal from Safety Sensitive Functions.** If a driver tests positive for a controlled substance or has an alcohol concentration of .02 or greater, the driver will immediately be removed from safety-sensitive functions.
2. **Alcohol Concentration of .02 to .039.** If the results of a driver's alcohol test show an alcohol concentration of .02 to .039, the driver must be off-duty until the driver can provide a test result with an alcohol concentration of .02 or less or be off from work for at least 24 hours.

3. **Return to Duty.** Before a driver returns to duty requiring the performance of a safety-sensitive function after violating this policy, the driver shall undergo a return-to-duty test with a result indicating a verified negative result. To be eligible to return to work after a positive controlled substance test or test indicating an alcohol concentration of .04 or greater, the driver must be evaluated by a Substance Abuse Professional (SAP). If the SAP determines that additional treatment is necessary, the driver must complete such treatment. In addition, the driver will be subject to follow-up testing.
4. **SAP Referral.** The City of Louisville will provide to any driver who violates a DOT drug and alcohol regulation a listing of SAPs readily available to the driver. A driver must complete the program as recommended by the SAP and must test negative for alcohol and controlled substances before returning to safety sensitive functions.
5. **Civil and Criminal Penalties.** Any driver who violates the requirements of the DOT drug and alcohol regulations may be subject to the civil and/or criminal penalty provisions of 49 U.S.C. 521(b).
6. **Other Disciplinary Action.**
  - a. The above consequences are minimum requirements as set out by the DOT. Any violation of this policy may result in discipline, up to and including termination, at a level determined by the City pursuant to its independent authority. Compliance with the above does not guarantee a driver will be returned to work following a violation(s) of this policy.
  - b. A second positive test for alcohol or controlled substances shall itself be grounds for termination; however, the foregoing shall not limit the City's authority to impose termination incident to a first positive test based on the circumstances.

## VI. Substance Screening

For the purpose of assuring compliance with the DOT regulations and this policy, applicants for positions requiring a CDL and drivers holding CDLs will be subject to controlled substance and alcohol screening under the circumstances described below. Applicants and drivers are required to submit to testing in the following circumstances as a condition of their employment.

## VII. Types of Testing

### Pre-employment testing

City of Louisville  
Drug and Alcohol Testing Procedure

Applicants for driving-related positions shall undergo a test for the presence of controlled substances after receiving a contingent offer of employment from the City of Louisville. Under no circumstances may a driver perform a safety-sensitive function until a confirmed negative result is received.

Applicants who refuse to submit to testing will not be hired.

A driver may not be required to submit to a pre-employment test if he or she has participated in a drug testing program in the last thirty (30) days and while in that program he or she was tested for drugs in the last six (6) months or participated in random drug testing for the previous twelve (12) months. This exception will not apply if the City of Louisville has knowledge that any of the driver's prior employers have records of the driver's violation of the DOT drug policies within the last 6 months. Under these exceptions and subject to the driver's written consent, the prior drug testing program in which the driver participated will be contacted for information regarding his or her participation.

For applicants who are hired or transferred into a safety-sensitive position, the City of Louisville will obtain their DOT drug and alcohol testing history from any DOT-regulated company that employed the applicant during the past two years. Applicants who refuse to provide their current and previous employers or who refuse to provide written consent for the City of Louisville to seek this information, will not be hired.

### **Testing for Current Drivers**

#### **1. Post-Accident Testing**

Any driver involved in an accident in which a fatality occurs must immediately submit to a controlled substance test and an alcohol test. Any driver who receives a citation for a moving traffic violation must immediately submit to a controlled substance test (and the City may require testing even if a citation is not issued to the driver, upon its independent authority) and alcohol test if: (a) the accident results in a bodily injury to a person who must immediately receive medical treatment away from the scene; or (b) one or more of the vehicles involved is towed from the scene.

If an alcohol test is not performed within two (2) hours of the accident, the City shall document the reasons for the failure. If an alcohol test is not performed within eight (8) hours of the accident or a controlled substance test is not performed within thirty-two (32) hours of the accident, no further efforts to test will be made, and the City shall document the reasons for the failure.

## **2. Reasonable Suspicion Testing**

A driver will be required to submit to controlled substance or alcohol test upon reasonable suspicion. Reasonable suspicion means that the actions, appearance or conduct of the driver on duty are indicative of the use and/or presence in the driver's body of a controlled substance or alcohol. Reasonable suspicion is based on specific, contemporaneous, articulable observations concerning the appearance behavior, speech or body odors of the driver.

A driver shall only be tested for alcohol while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

A driver will not be allowed to return to driving a City vehicle until a confirmed negative test result is received. The driver will remain on paid status pending the receipt of drug testing results by the City.

## **3. Random Testing**

Drivers will be subject to controlled substance testing and alcohol testing at any time on a random basis as a term and condition of holding a driver position. Upon being notified of selection, the driver must immediately proceed to the testing site. If the driver is performing a safety-sensitive function when notified of a test, he or she will need to stop and proceed to the test site as soon as possible.

Random testing will be spread reasonably throughout the year and will be unannounced to ensure that no driver receives advanced knowledge of the time of testing. All drivers will have an equal chance of being selected each time a random selection is made.

The number of controlled substances tests conducted annually shall equal or exceed 50 percent of the number of driver positions subject to testing.

The number of alcohol tests conducted annually shall equal or exceed 10 percent of the number of driver positions subject to testing.

A driver shall only be tested for alcohol while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

## **4. Follow-Up and Return to Duty**

Any driver who has been required to or voluntarily undergoes rehabilitation for substance

abuse must submit to a drug test and receive a confirmed negative test result and an alcohol test (with a result of less than .02) before returning to work. In addition, the driver will be subject to follow-up testing not to exceed 60 months following the driver's return to work. The number and frequency of follow-up tests shall be determined by the SAP; however, a driver shall be subject to a minimum of six unannounced follow-up tests in the first 12 months of safety-sensitive duty following the driver's return to safety-sensitive functions.

## **VIII. Testing Procedures**

### **1. Controlled Substances**

Controlled substance screening shall be conducted in a laboratory certified by the Department of Health and Human Services (DHHS) and in accordance with the Procedures for Transportation Workplace Drug Testing Programs. All controlled substance screening includes split sampling which provides that a urine sample be split into two separate containers.

The substance screen will test for the following drugs - marijuana, cocaine, opiates, amphetamines and phencyclidine (PCP).

Drivers must present photo identification and sign a consent form before a controlled substance test is conducted.

Any positive initial test will be confirmed by a gas chromatography/mass spectrometry (GC/MS) test.

The City of Louisville shall employ a Medical Review Officer (MRO) who will receive the laboratory results of the testing procedure. The MRO shall be a licensed physician and have knowledge of substance abuse disorders and appropriate medical training to evaluate positive test results, medical history, and any other relevant biomedical information. The MRO shall review all medical records made available by the tested individual when a confirmed positive test could have resulted from legally prescribed medication.

The MRO shall also review all specimens which are found to be adulterated or substituted specimens. In the instances of an adulterated or substituted specimen, the MRO may provide the driver an opportunity to present a legitimate medical explanation. If no legitimate medical explanation is provided, the MRO will report the verified adulterated or substituted specimen to the City. The City will consider the verified adulterated or substituted specimen as a refusal to test and immediately remove the driver from performing safety sensitive functions. The driver may then be subjected to the disciplinary action under the City's independent authority.

The MRO will be the sole custodian of the individual test results and will report the drug test results to the City.

After receiving notification of a verified positive test or of an adulterated or substituted specimen, a driver may request that the split sample be analyzed. Such a request must be made within 72 hours of notification of the verified positive test. If such a request is made, the sample will be tested at another DHHS certified laboratory, at the driver's expense. In order to prevent delay of the test, payment for the test may be taken from the driver's paycheck. Upon written request within 10 days, the driver may obtain copies of any records pertaining to his or her controlled substance tests. The driver will be on paid suspension while awaiting the results of the split sample.

Precautions shall be taken to ensure that the specimen is not adulterated or diluted during the collection procedure and that the information on the bottle matches the information on the custody and control form.

## **2. Alcohol Testing**

Alcohol testing shall be conducted by a Breath Alcohol Technician (BAT) using an Evidential Breath Testing Device (EBT). Only a BAT trained in the operation of the EBT, may administer the alcohol test. Each EBT must have a Quality Assurance Plan (QAP) developed by the manufacturer. The plan shows the methods used to perform external calibration checks using only approved calibration devices. It also describes the minimum intervals for performing the calibration checks for the EBT and specifies the tolerances for external calibration checks within which the EBT is in proper calibration. Finally, the plan specifies inspection, maintenance, and calibration requirements and intervals.

Drivers must present photo identification and sign a consent form before an alcohol test is conducted. The alcohol testing will be administered at a site that affords privacy. Only one breath test will be done at one time. The person giving the test will not leave the testing site during the test.

The driver will provide a breath sample. If a driver's alcohol concentration is greater than .02, a second, confirmation test will be performed. The BAT who administers the confirmation test will be different from the BAT who administered the first test. Before the confirmation test, a 15 minute waiting period will be observed. The purpose of the 15 minute waiting period is to make sure that the presence of mouth alcohol from recent use of food, tobacco, or hygiene products does not artificially raise the test results.

In lieu of an EBT, the DOT regulations permit the use of certain approved non-EBT

testing devices to be used for the initial test; the procedures described above may differ if such devices are used.

### 3. Testing Site.

The City of Louisville's test site is located at:

[Name, Address, Telephone Number]

Office Hours: \_\_\_\_\_

## IX. Refusal to Submit to Testing

Refusal to submit to testing is a violation of this policy. Any driver refusing to submit to testing will be referred to a SAP and will face appropriate disciplinary action, up to and including termination. The following behaviors constitute a refusal:

- a. refusal to appear for testing;
- b. failure to remain at the testing site until the testing process is complete;
- c. failure to provide a urine specimen;
- d. in instances of observed or monitored collection, failure to allow observation or monitoring or failure to follow instructions to raise and lower clothing and turn around;
- e. refusal to sign the testing form;
- f. failure to take a second test as directed;
- g. otherwise failing to cooperate in the testing process, including but not limited to:
  - i. refusing to empty pockets when directed;
  - ii. behaving in a confrontational manner that disrupts the collection process;
  - iii. refusing to remove hat, coat, gloves, coveralls when directed; or
  - iv. failing to wash hands when directed;
- h. performance of any actions which prevent the completion of the test;
- i. a test result reported by the MRO as a verified adulterated or substituted test;
- j. failure to provide sufficient or adequate quantities of breath or urine to be tested without a valid medical explanation;
- k. failure to undergo a medical examination or evaluation when directed;
- l. tampering with, attempting to adulterate, adulteration or substitution of the specimen, or interference with the collection procedure;
- m. not reporting to the collection site in the time allotted;
- n. leaving the scene of an accident without a valid reason before the tests have been conducted; or

- o. possessing or wearing a prosthetic or other device that could be used to interfere with the collection process.

## **X. Voluntary Driver Self-Identification Program**

The City supports sound treatment efforts. Whenever practical, the City will assist drivers in overcoming drug, alcohol, and other problems which may affect driver job performance as long as this policy has not already been violated. A driver may not self-identify in order to avoid required testing. The following is required to participate in this voluntary program: the driver makes the admission of alcohol misuse or controlled substances use **prior** to reporting to duty to perform a safety sensitive function, and the driver does not perform a safety sensitive function until the City is satisfied that the driver has been evaluated and has successfully completed education or treatment requirements.

Drivers who seek voluntary treatment prior to a violation of this policy will not be disciplined for making a voluntary admission of alcohol misuse or controlled substance use within the parameters of the program. The driver will be allowed a sufficient opportunity to seek evaluation, education or treatment to establish control over the driver's drug or alcohol problem. To the extent permitted by DOT regulations, the City will determine what it deems to be a "sufficient opportunity," and the driver may be placed on unpaid status and required to use any accrued vacation time and sick leave during such time. Drivers who seek voluntary assistance will be returned to safety sensitive duties only upon successful completion of an educational or treatment program as determined by a drug and alcohol abuse evaluation expert. Prior to the driver participating in a safety sensitive function, the employee shall undergo a return-to-duty test with a result indicating an alcohol concentration of less than 0.02 and/or controlled substance test with a verified negative test. In addition, the City may monitor any driver who voluntarily reports under this provision by conducting unannounced follow-up testing not to exceed 60 months following the driver's return to work.

If the driver elects to enter an appropriate treatment program, the driver may be placed on unpaid status but will be required to use any accrued vacation time and sick leave while participating in the evaluation and treatment program so long as the driver is complying with the conditions of treatment. The City of Louisville will have the right to require verification from the health care provider for a release to work and/or verification of treatment as covered in the City's medical leave policies. More information regarding availability of treatment resources and possible insurance coverage for treatment services is available from the Human Resources Department.

## **XI. City Representative**

Please contact the Human Resources Director at (303) 335-4722, 749 Main Street,

Louisville, Colorado, if you have any questions about this policy or wish to discuss issues related to the use of controlled substances or the misuse of alcohol.

## **XII. Inspection and Searches**

The City may conduct unannounced inspection for violations of this policy in the workplace, worksites, or company premises. Drivers are expected to cooperate in any inspection.

## **XIII. At Will Employment**

Nothing in this policy is to be construed to prohibit the City of Louisville from maintaining a safe work environment or imposing disciplinary action as it deems appropriate for reasons of misconduct or poor performance, regardless of whether the misconduct or poor performance arises from drug or alcohol use. Such disciplinary actions may include termination of employment. Employment is at-will and subject to termination by the City of Louisville or the driver at any time, with or without notice and with or without cause.

## **XIV. Confidentiality**

Driver drug testing results and records are maintained under strict confidentiality by the City. They cannot be released to others without the written consent of the driver. Exceptions to these confidentiality provisions include releases to a decision maker in arbitration, litigation, or any administrative proceedings arising from a positive drug test and releases to those authorized by the DOT regulations to receive such information.

## **XV. Information Concerning the Effects of Alcohol and Drug Abuse**

1. **The effects of alcohol and drugs on health, work, and personal life.** There is much information available on this subject; the following is only a brief introduction.

The consequences of alcohol and illegal drugs abuse extend far beyond the individual user. Impaired drivers put themselves, fellow workers, and other users of our highways in danger. Drivers with drugs or alcohol in their systems are less productive and more likely to injure themselves or other persons in an accident.

Alcohol- and drug-abusing drivers increase the costs related to lost productivity, absenteeism, accidents, loss of trained personnel, theft, and treatment and deterrence programs. Also, medical costs are higher and are passed on to the employer in the form of higher health insurance rates. Alcohol and drug abuse is costly to both the employer and the driver.

Alcohol is the number one abused drug in this country. Alcohol consumption causes a number of changes in behavior. Even low doses can damage the judgment and coordination necessary to drive. Low to moderate doses increase the frequency of a variety of aggressive acts. Moderate to high doses cause marked changes in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other drugs, much lower doses of alcohol will produce the effects described. Long-term consumption of large quantities of alcohol can lead to permanent damage to vital organs such as the brain and the liver.

2. **Signs and symptoms of an alcohol or drug problem.** Drugs can show their effects in many different ways. Some of the most noticeable signs of drug abuse are drowsiness, respiratory depression, constricted pupils, nausea, slurred speech, excitement, loss of appetite, poor perception of time and distance, relaxed inhibitions, disoriented behavior, watery eyes, runny nose, chills and sweats, convulsions, apathy, depression, and the use of drug paraphernalia.

Some of the signs and symptoms of alcohol misuse are the odor of alcohol, slurred speech, staggering, tremors, vomiting, cramps, delirium, loss of appetite, using arms for balance, leaning against walls and doorways, swaying while maintaining balance, and confusion.

3. **Multiple substance abuse.** Multiple substance abuse is abuse of more than one drug, either at the same time or over a period of time and it involves any combination of alcohol, prescription drugs, over-the-counter drugs, and illegal drugs.

Multiple substance abuse is especially dangerous because different substances combine with each other to produce unexpected effects and dangers.

Multiple substance abuse often begins with abuse of a single substance. This may happen because once a person begins to use a drug, abuse of more substances becomes more likely. People who abuse one substance are at a high risk for developing dependence and tolerance for other substances.

4. **Methods of intervention for suspected alcohol and drug problems.** Alcohol and substance abuse is a complicated problem calling for specialized supervision and care. Don't make excuses for a person who you think has an alcohol or drug abuse problem; don't do their work for them; don't look the other way. The problem is not going to go away. Don't help them to continue their alcohol or drug abuse.

Leave the treatment and counseling of persons with an abuse problem to professionals. The person with a problem must be evaluated by a professional, such as a physician,

psychologist, other person with knowledge of abuse and clinical experience in the diagnosis and treatment of alcohol and drug related disorders.

5. **Additional information.** The City's health insurance policy may include certain coverage for alcohol and substance abuse. Contact the City's health insurance provider for more information. For information on where to find treatment for alcohol and other drug problems, a good place to look is in the Yellow Pages under "Alcoholism Information" or "Drug Abuse and Addiction Information." Usually there is a listing of the nearest Council on Alcoholism (or Council on Alcohol and Drug Abuse). These Councils provide information over the phone on the availability of the nearest alcohol treatment programs. Alcoholics Anonymous and Narcotics Anonymous may also be listed. Both offer help in coping with alcohol and drug abuse.

## ACKNOWLEDGMENT AND RECEIPT

I have received a copy of the City of Louisville's CDL Drug and Alcohol Testing Policy and Procedure and understand that in order to continue my employment with the City of Louisville, I must abide by the terms of this policy.

I also verify that I have received information on the affects of alcohol and controlled substances on my health, work and personal life, signs and symptoms of a problem and available methods of intervening when a problem is suspected.

I understand that this policy in no way modifies my status as an at-will employee and in no way implies, infers, or guarantees my continued employment for any definite term and that and that my employment may be terminated at the discretion of the City without cause or for other reasons than failing to follow the terms of this policy.

## **Cell Phones and Pagers – Effective June 1, 2009 (Revised October 2016)**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*
- *Part-Time Employees*

### **Background and Intent**

The responsibilities of some positions make having a cell phone an important tool to maintain productivity. The City provides cell phones to employees through two programs: cell phone stipends (the City's preferred approach in most instances) and City-owned cell phones. Accordingly, this policy is intended to:

- Ensure that employees are fairly compensated for the additional costs they must incur because of the required business use of their personal cell phone
- Minimize the City's cost and administrative burden associated with acquiring, maintaining and monitoring the use of City-owned cell phones
- Avoid the unnecessary expense, resource use and inconvenience that would occur if the City required employees to carry a cell phone dedicated strictly to business use when they already have a personal cell phone
- Give employees the flexibility they need to choose a cell phone and service plan that fits their individual needs
- Provide clear criteria for explaining and documenting the City's expense associated with cell phones to address questions that auditors, the public or the media may have.

### **Cell Phone Stipends**

The majority of City employees own a personal cell phone and the City does not compensate anyone for the occasional use of their personal cell phone for business purposes. However, Department Directors shall identify each position for which the job responsibilities of the position make a cell phone: (1) an important tool to maintain productivity, (2) required to respond to emergency calls in a timely manner, or (3) important to maintain the employee's safety because their position requires significant unsupervised time in the field. For each position that a stipend is requested, the Department Director and the employee shall complete a Personal Cell Phone Stipend Agreement and submit it to the City Manager for consideration. The Agreement must include the cell phone number and an explanation demonstrating why a stipend is appropriate for the position. To qualify for a stipend, an employee must be away from his or her desk at least 50% of the time and/or

respond to phone calls, emails and/or access the internet for job-related duties after regular work hours. The stipend is **\$50 per month**.

Employees should choose a cell phone plan that provides sufficient service to accommodate anticipated personal and business use without incurring overage charges. Should an employee incur an exceptional amount of expense based on unique City business-related circumstances, he/she may request additional reimbursement for the "exceptional" business expenses through normal employee reimbursement procedures.

**Time Spent Using Cell Phones after Regular Hours.** As with other types of authorized work, all time spent by non-exempt or 7K exempt employees using electronic communications for work purposes will be considered hours worked. The time is compensable and will count toward overtime eligibility as required by law. Therefore, to avoid incurring unnecessary expenses, electronic communications should not be used outside regularly scheduled work hours unless required by your supervisor. If your supervisor approves or requires you to use of your cell phone after hours for work purposes, please document that time on your timesheet accordingly. The City of Louisville compensates time in 15 minute increments. If you are required to report to work, you may be eligible for Call Back Pay. Please refer to the Call Back Pay policy for more details.

Employees receiving a stipend under a Cell Phone Agreement are personally responsible for:

- Purchase of equipment,
- Regular and reasonable use of cell phone for City business during working hours and non-working hours based on City business needs,
- Payment of bills and charges,
- Account Set up,
- Applicable taxes,
- Replacing the phone if it is damaged, and
- Keeping personal use to a minimum during business hours.

Stipends are to be reviewed annually by supervisors and employees to ensure that the stipend is appropriate for his or her position and reflects the expenses he or she is likely to incur by using a personal cell phone for City business purposes. Also, because a stipend is based on position requirements, if the employee changes positions or changes cell phone numbers, the Department Director and employee must submit a new Cell Phone Agreement for the new position.

### **City-Owned Cell Phones**

There are some instances where it is appropriate for the City to provide a City-owned cell phone for the employee to use. In some cases a City-owned cell phone is made available to multiple users within a work group or a department and "checked-out" as needed. In other cases, a City-owned cell phone may be used exclusively by or

assigned to a specific individual. In either case, a City-owned cell phone must be used exclusively for City business in accordance with the City's policies concerning use of phones, computers, and other information technology. The Information Technology Department staff may review the monthly cell phone bills on a periodic basis for compliance with this policy.

As with cell phone stipends, Department Director shall identify each position for which the job responsibilities of the position make a cell phone (1) an important tool to maintain productivity, (2) required to respond to emergency calls in a timely manner, or (3) important to maintain the employee's safety because their position requires significant unsupervised time in the field. For each position that satisfies one or more of these conditions, the Department Director and the employee shall complete a City Cell Phone authorization and submit it to the City Manager for consideration. The Authorization must include an explanation of (1) how using a City-owned cell phone would increase the employee's productivity or why it is required for emergency response or important safety reasons, and (2) why providing a City-owned cell phone is preferable to compensating the employee for the business use of their personal cell phone through a Cell Phone Stipend.

**Information Technology Department Administers City-Owned Cell-Phone Contracts.** The Information Technology Department is the main contact with the service provider for any additions, changes or deletions of City-owned cell phone or pager services. Employees shall neither contact nor sign agreements on behalf of the City for City cell phone or pager service agreements. Requests for service changes shall be processed by the Information Technology Department after they are approved by the Department Director.

Lost or stolen equipment shall be reported to the Information Technology Department immediately. The Information Technology Department will attempt to obtain replacement cell phones or pagers within 48 hours. If the equipment is lost or misplaced more than once, the cost of replacing that equipment may be deducted from the employee's pay. Proper care of City equipment is required at all times.

**Use Cell Phones Safely.** All users are prohibited from dialing or texting using cell phones or other handheld devices while driving or operating motorized equipment except in emergency situations. Instead, users are expected to pull over to the side of the road and/or suspend operation of machinery until the call has been completed.

**Cell Phone Numbers Are Published Internally.** City cell phone and pager numbers and personal cell phone numbers covered by a Cell Phone Agreement are published on the City's internal phone number listing.

**Open Records.** Employees who complete City business on any personal or City-owned cell phone may be subject to the Colorado Open Records Act and such content may be considered public record. Such cell phones may be withheld if there is a subpoena in conjunction with a legal case involving the City.

## **Social Media Policy**

*Updated: 10/20/2020*

### **Background**

The City recognizes the benefit of using web-based social media to provide information to the community and has established this Social Media Policy to ensure that City social media account administrators and members of the public have a clear understanding of the procedures to be followed.

### **Definitions**

“Social media site” means any Internet platform that allows for the exchange of information and cross-communication between or among people. Examples of social media sites include but are not limited to: Facebook, blogs, RSS, YouTube, Twitter, NextDoor, LinkedIn, Flickr, and Instagram. This policy is intended to include current social media platforms and all those created in the future.

“Account administrator” or “administrator” means the person(s) authorized by the City Manager to administer a City social media account.

### **Administrator Policy**

The City’s purpose in establishing a social media presence is to disseminate information to residents, employees, and visitors. Administrators are encouraged to post information regarding services, programs, events, and activities within the City and conducted or sponsored by the City, Boulder County, the State of Colorado, or other public agencies whose boundaries include all or a portion of the City. It may also be appropriate for administrators to post educational information, prepared by the City or another organization, or solicit comments or feedback for the benefit of the City and its residents. However, in no case should City postings be commercial, political, or religious in nature.

Administrators should recognize that social media sites are two-way mediums that invite public comments and feedback, some of which comments and feedback may violate City Use Guidelines; as such, all responses to City postings shall be reviewed by administrators in accordance with the City’s Use Guidelines. Administrators shall not respond to comments, questions or feedback posted by users, except to direct users to the appropriate City department for more information.

Before deleting a comment or blocking a user for violation of the City’s Use Guidelines, an administrator must first request the permission of the City Manager who shall determine whether to consult the City Attorney’s office. The administrator shall keep a detailed record of each post

removed from City social media pages, listing, at minimum: (i) the name (and social media handle, if applicable) of the user, (ii) the exact content of the post, (iii) the violated Use Guideline(s), (iv) the date of the posting, (v) the date of the removal, and (vi) the number of times a post by the particular user has been removed by the administrator. The administrator shall notify a user each time the administrator removes a post by that user. The notice should include a warning that, per the City's Social Media Use Guidelines, an additional violation could result in the user being blocked from the interactive spaces of the City's social media sites.

City social media sites shall not be used by account administrators or City employees or representatives to discuss sensitive and/or confidential information without prior written approval of the City Manager. City social media sites shall not be used by any account administrator, City employee or representative for private or personal use. Account administrators, City employees or representatives who use City social media sites for official City business are responsible for complying with applicable laws, regulations, and policies, as well as proper business etiquette. The City reserves the right to shut down any City social media account due to violation of the City's policies.

Any City department, employee or representative wishing to create a social media account and appoint an account administrator must submit a request to the City Manager. This will initiate the process to ensure that the City's array of sanctioned social media accounts comply with the City's Communications Plan and all other policies. An account may be established only after the request is approved. Only account administrators approved by the City Manager may post information to City social media sites.

### **Use Guidelines**

The City's use of social media sites is provided as a public service. While the City's social media sites allow for comments and postings relevant to particular discussions, users shall comply with the posting guidelines listed below. The City reserves the right to remove comments/materials that violate these guidelines.

The City intends all of its social media sites to strengthen the quality of life of its residents and small town character of Louisville. The City does NOT allow and will remove from its social media sites comments/materials that display any of the following content:

- Obscene, profane, explicit, racist, abusive, or hateful content;
- Content that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, veteran status, status with regard to public assistance, national origin, physical or mental disability, sexual orientation, political party, or any other status protected by applicable federal, state or local law;
- Sexual content or links to sexual content;
- Campaign related posts of any kind, including links to any sites that are associated with, sponsored by, or serve a candidate for elected office, any political party, or organization supporting or seeking to defeat any candidate for elective office or ballot proposal;
- Commercial solicitations or advertisements, including promotion or endorsement of any financial, commercial, or nongovernmental agency;
- Potentially defamatory or libelous, personal attacks, threats, harassment, insults, or language inciting violence;

- Content that infringes on copyrighted or trademarked material;
- Conduct or encouragement of illegal activity;
- Information that may tend to compromise the safety or security of the public or public systems; and
- Private or personal materials published without consent.

The City reserves the right to ban or block a user from the interactive spaces of City social media sites for multiple violations of these Use Guidelines. Users of City social media sites participate at their own risk, taking personal responsibility for their comments, username, and any information provided. Except for comments by an account administrator, any comment posted on a City social media site is the opinion of the poster only and does not necessarily reflect the opinions or policies of the City. The City's social media sites should not be used for any official communications to the City (e.g., reporting crimes or dangerous conditions, giving notice required by the City Charter, by ordinance, or by state statute). Official communications should be directed to the appropriate City department for response. Posts made on the City's social media sites concerning public business or quasi-judicial matters will not be added to a public meeting packet or public hearing record.

If an entry includes a link to another website, the City does not verify or endorse the authenticity, accuracy, appropriateness or security of the link, site or content linked thereto. The City urges users to exercise caution when accessing any unfamiliar site.

All posts on the City's social media sites are considered open records under the Colorado Open Records Act and therefore will be open to public inspection. The City reserves the right and may choose to reprint comments/materials posted on its social media sites to other media (e.g., comments/materials to City staff or City Council).

If you have any questions or would like to report a violation of this policy, please contact the City's Public Information Officer by calling 303.335.4528 or emailing [PIO@LouisvilleCO.Gov](mailto:PIO@LouisvilleCO.Gov).

### **Tuition Reimbursement Policy**

*Eligible employment status:*

- *Full-Time Employees*
- *Benefited Part-Time Employees*

The purpose of the Tuition Reimbursement program is to provide educational assistance and opportunities for employees who wish to further their education and enhance their skills to better perform their job.

Positive consideration for your participation in the program will generally be given if your immediate supervisor deems your current job performance to be satisfactory, your Department Director approves, and funds are available. Funding is centralized through the Human Resources budget and is available on a first-come, first serve basis. If you are interested in taking an educational course, you should complete the Request for Tuition Assistance form, and obtain advance approvals from your supervisor, Department Director, and the Human Resources Director in order to ensure reimbursement funds are available.

To be eligible for educational assistance you must have satisfactorily completed one year of service prior to the start of any course of instruction. The City will not reimburse you for courses taken if you terminate your employment prior to the end of the semester or course of study. Study and class attendance must be accomplished during non-working hours, unless arrangements to change your work schedule are made in advance, and with your Department Director's approval.

All courses must be taken at an accredited college, university or adult education center, or an accredited Internet or distance learning institution. Tuition Reimbursement is available on a first-come, first-serve basis and pre-approval helps to ensure funds are available for reimbursement once the class(es) has been successfully completed.

You must sign the form, as this indicates your responsibility to inform the City if you receive financial assistance from any other source, including Workers' Compensation, Vocational Rehabilitation, the G.I. Bill, etc. to ensure that you receive no more than 100% reimbursement.

After the class has been successfully completed, you must submit all receipts

and your final grade to Human Resources. At that time, your request will be processed for payment. Tuition reimbursement is based upon receiving an “A”, “B” or “C” letter grade for each course. No tuition reimbursement is available for any other grade. If there is not a letter grade, a certificate of completion is sufficient for full reimbursement.

The following is the reimbursement schedule for education assistance:

- **Tuition reimbursement for up to three courses per calendar year**
- Tuition reimbursement of up to \$ \$150 per credit hour.
- Reimbursement for fees of up to \$150 per course.
- Reimbursement for books of up to \$100 per course.
- Reimbursement for Lab fees of up to \$100 per course.

## Introduction

---

The City of Louisville manages information technology security with an emphasis on confidentiality, integrity, and availability. Ensuring confidentiality means keeping all data private from unauthorized individuals or systems. Integrity is the assurance that only appropriate individuals can modify existing data. Finally, availability is achieved with infrastructure that provides reliable accessibility and performance. The City's comprehensive approach to security is focused on protecting each of these key security components.

This document details the City of Louisville's policy on security awareness and compliance as it relates to internal users. This policy applies to all resources that are owned, leased, or used by the City.

For the purposes of this policy, employees include contractors and part-time employees, volunteers as well as full-time staff.

This policy has been developed in an effort to support the City's business objectives and as a way to reduce losses associated with intentional or accidental information disclosure, modification, destruction, or denial of service. All users are responsible for knowing and complying with all components of this policy and must agree to them by signature. Nothing in this policy should be interpreted as limiting the rights and authority of law enforcement criminal or internal affairs investigation.

Questions about the policy should be directed to the City's IT department head.

## 1.0 Virus Protection

---

### 1.1 Foundation

Viruses, worms, and Trojan horses are designed to infect, control, and damage computers and networks. They are discovered daily, and each is designed to serve a unique function or purpose. Viruses can spread from a disk, over the network, via email, or in a file, and they can do anything to a system from changing or deleting files to attacking other systems. The purpose of this section is to minimize the risk of these types of threats to City of Louisville workstations, laptops, and servers.

Virus protection software must be installed and maintained on all systems connected to the City of Louisville network.

### 1.2 Requirements

- **1.2.1:** The IT department will install and maintain virus protection software on all machines.
- **1.2.2:** Never open any files or macros attached to an email from an unknown, suspicious, or untrustworthy source. Users should delete these attachments immediately, then "double delete" them by emptying their Trash.
- **1.2.3:** Delete spam, chain, and other junk email without forwarding.
- **1.2.4:** Never download files from unknown or suspicious sources.
- **1.2.5:** Avoid direct disk sharing with read/write access unless there is a business requirement to do so.
- **1.2.6:** Always scan a floppy diskette for viruses before using it.
- **1.2.7:** Contact the IT department if a virus has been detected.

## 2.0 Acceptable Use / Allowed Services

---

### 2.1 Foundation

This section outlines acceptable use of City of Louisville computing resources, which include resources that are owned, leased, or used by the City. Inappropriate use exposes the City to risks including virus attacks, compromise of network systems and services, additional cost, and legal issues. These rules are in place to protect the City and its employees, as well as its constituents, contractors, vendors, and agents.

### 2.2 Requirements

#### 2.2.1 General Use and Ownership

- **2.2.1.1:** All information technology resources, including but not limited to computer equipment, software, Operating Systems, storage media, network accounts providing email, network browsing, and file transfer, are the property of the City of Louisville. These systems are to be used for business purposes in serving the interests of the City, and of the City's constituents in the course of normal operations.
- **2.2.1.2:** Data jack access is restricted to City of Louisville employees unless approved by IT staff.
- **2.2.1.3:** Employees are not permitted to install or enable additional software, hardware, or services in their environment without the approval of their supervisor. For example, installing a multi-player network game is not permitted due to the possible security implications of such an activity. Supervisors are responsible for consulting with the IT staff for any necessary clarification in this area.
- **2.2.1.4:** Employees should be wary of solicitations by external people and programs to install or activate new functionality on their systems. "Download and install now?" pop-up boxes and the like should not be used without authorization from an employee's supervisor.
- **2.2.1.5:** The City recommends that users refrain from storing sensitive or vulnerable information on their computers, unless it is encrypted. For guidelines on encrypting email and documents, users should consult the IT department.
- **2.2.1.6:** For security and network maintenance purposes, authorized individuals within the City of Louisville may monitor equipment, systems, and network traffic at any time.
- **2.2.1.7:** The City reserves the right to audit networks and systems.
- **2.2.1.8:** The City's voice mail system is intended for transmitting business-related information. The City reserves the right to access and disclose all messages sent over the voice mail systems for any purpose.
- **2.2.1.9:** The City of Louisville does not currently support the use of PDAs, palmtops, or similar hand-held personal computers. Such devices may be installed on City computers with preauthorization from the IT department; however, no ongoing support for these devices will be provided by the IT staff.

#### 2.2.2 Personal Use

- **2.2.2.1:** Internet service is provided to City of Louisville employees with the understanding that it is intended for City business purposes. Personal use of the Internet is allowed on a limited basis and with the following guidelines:
  - Before or after work.
  - Limited to 30 minutes per day (timed in 5-minute increments) or less during scheduled work time.
  - Must not disrupt the operation of the City network or networks of other users.
  - Must not interfere with the employees' productivity.
  - No one may solicit, promote, or advertise any outside organization, product, or service through the use of electronic mail or anywhere else on City premises at any time.
- **2.2.2.2:** The City prohibits the display, transmittal, or downloading of material that is in violation of the City of Louisville guidelines or material that is otherwise offensive, pornographic, obscene, profane, discriminatory, harassing, insulting, derogatory, or unlawful.
- **2.2.2.3:** If employees have questions about what personal use might be considered appropriate, they should contact their supervisor. Supervisors are responsible for contacting the IT staff to make an informed decision on any new issues.

### 2.2.3 Unacceptable Use

The following activities are prohibited; however, employees may be exempted from these restrictions during the course of their legitimate job responsibilities (e.g., system administration staff may have a need to disable the network access of a host if that host is disrupting production services).

City of Louisville employees shall not engage in any activity that is illegal while utilizing City of Louisville-owned resources.

The lists below are by no means exhaustive, but they attempt to provide a framework for activities that fall into the category of unacceptable use.

#### 2.2.3.1 System and Network Activities

The following activities are strictly prohibited:

- **2.2.3.1.1:** Violating the rights of any person or company protected by copyright, trade secret, patent or other intellectual property, or similar laws or regulations, including, but not limited to, the installation or distribution of “pirated” or other software products that are not appropriately licensed for use by the City.
- **2.2.3.1.2:** Unauthorized copying of copyrighted material including, but not limited to, digitization and distribution of photographs from magazines, books or other copyrighted sources, copyrighted music, copyrighted video, and the installation of any copyrighted software for which the City or the end user does not have an active license.
- **2.2.3.1.3:** Exporting software, technical information, encryption software, or technology in violation of international or regional export control laws. Users should consult the IT staff prior to exporting any material in question.
- **2.2.3.1.4:** Intentionally introducing malicious programs into the network or server (e.g., viruses, worms, Trojan horses, email bombs, etc.).
- **2.2.3.1.5:** Revealing an account password to others or allowing use of an account by others. This includes family and other household members when work is being done at home.
- **2.2.3.1.6:** Attempting to make a network connection to a host in a vendor or affiliate’s network that is not specifically required for City of Louisville business.
- **2.2.3.1.7:** Making fraudulent offers of products, items, or services originating from any City of Louisville account.
- **2.2.3.1.8:** Making statements about warranty, express or implied, unless it is a part of normal job duties.
- **2.2.3.1.9:** Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the employee is not an intended recipient or logging in to a server or account that the employee is not expressly authorized to access, unless these duties are within the scope of regular duties. For purposes of this section, “disruption” includes, but is not limited to, network sniffing, ping floods, packet spoofing, denial of service, and forging routing information for malicious purposes.
- **2.2.3.1.10:** Engaging in any activity intended to be retaliatory toward another employee, management, a vendor, constituent, or any outside party.
- **2.2.3.1.11:** Port scanning or security scanning of City of Louisville systems, vendor systems, or of any third-party systems.
- **2.2.3.1.12:** Executing any form of network monitoring that will intercept data not intended for the employee’s host, unless this activity is a part of the employee’s normal job duties.
- **2.2.3.1.13:** Circumventing user authentication or security of any host, network, or account.
- **2.2.3.1.14:** Interfering with or denying service to any user other than on the employee’s host (for example, denial of service attack).
- **2.2.3.1.15:** Using any program/script/command, or sending messages of any kind, with the intent to interfere with, or disable, a user’s terminal session, via any means, locally or via a network.
- **2.2.3.1.16:** Providing any information about, or lists of, City of Louisville employees, constituents, or vendors to parties outside the organization.
- **2.2.3.1.17:** Using City of Louisville resources for business purposes not related to the City (e.g., hobby businesses, home businesses, personal businesses, or work for other companies).

## 3.0 Physical Security

---

### 3.1 Foundation

There are several types of physical security risks inherent in the City of Louisville's environment. Direct, physical access to a server provides multiple opportunities for an attacker to circumvent system and network access controls. Unattended or unaudited physical network access presents a number of opportunities for unauthorized information access and exposure. Additionally, environmental concerns such as excessive heat and moisture can damage or destroy systems and data.

### 3.2 Requirements

- **3.2.1:** Sensitive areas and systems will require access tokens, such as proximity cards, to gain access. Entry and exit time logs will be reviewed in the event of an investigation.
- **3.2.2:** Access will be granted only to authorized personnel. Access will be revoked upon inappropriate use, security breach, or employee termination.
- **3.2.3:** Unauthorized personnel are not allowed entry to City of Louisville offices, communications and utility facilities, data centers, etc. Non-City of Louisville parties performing maintenance on facilities must be escorted and monitored by City of Louisville staff. Additionally, resources that are not exclusively owned or operated by the City of Louisville, such as shared telco entrance facilities, require escort and monitoring by City of Louisville staff. All non-City of Louisville parties must have a work plan approved by the IT staff prior to commencing work.
- **3.2.4:** Unused/inactive network connections will remain in a restricted-access state. Areas such as conference rooms and community access areas should also have network connections restricted when not in use. Activation of restricted ports must be approved by the IT staff. Restricted ports will have Internet access only.
- **3.2.5:** Access to community access terminals, such as kiosks, will be isolated from the City of Louisville internal network. Network access granted to the terminals should only remain active during periods of supervision by City of Louisville staff, i.e., business hours.

## 4.0 Authentication

---

### 4.1 Foundation

As the front line of protection for user accounts, passwords are an important aspect of IT security. Passwords are used for various purposes at the City of Louisville. A poorly chosen password may result in the unexpected compromise of elements of the City of Louisville's network. As such, all City of Louisville employees (including contractors and vendors with access to City of Louisville systems) are responsible for taking the appropriate steps, as outlined below, to select and secure their passwords.

- **4.1.1:** All accounts, including accounts within major applications, must have a password.
- **4.1.2:** All passwords (e.g., email, web, desktop computer, etc.) must be changed at least every 120 days.
- **4.1.3:** User accounts that have system-level privileges granted through group memberships or other privilege-conveyance programs must have a unique password from all other accounts held by that user.
- **4.1.4:** Passwords must not be inserted into email messages or other forms of electronic communication.
- **4.1.5:** Passwords must be documented and stored in a secure manner.
- **4.1.6:** All passwords must conform to the strong password requirements described below.

### 4.2 Requirements

#### 4.2.1 General Password Construction Requirements

- **4.2.1.1:** Strong passwords have the following characteristics:

- Contain both upper and lower case characters (e.g., a-z, A-Z).
- Have digits and punctuation characters as well as letters e.g., 0-9, !@#\$%^&\*()\_+|~- =\`{}[]:~";'<>?,./).
- Are at least eight alphanumeric characters long.
- Are not words in any language, slang, dialect, jargon, etc.
- Are not based on personal information, names of family, etc.
- **4.2.1.2:** Poor, weak passwords have the following characteristics:
  - The password contains fewer than eight characters.
  - The password is a word found in a dictionary (English or foreign).
  - The password is a common usage word such as:
    - Names of family, pets, friends, co-workers, fantasy characters, etc.
    - Computer terms and names, commands, sites, companies, hardware, or software.
    - The words “City of Louisville” or any derivation.
    - Birthdays and other personal information such as addresses and phone numbers.
    - Word or number patterns such as aaabbb, zyxwvuts, 123321, etc.
    - Any of the above spelled backwards.
    - Any of the above preceded or followed by a digit (e.g., secret1, 1secret).
- **4.2.1.3:** Passwords should never be written down or stored online. Try to create passwords that can be easily remembered. One way to do this is create a password based on a song title, affirmation, or other phrase. For example, the phrase might be: “This May Be One Way To Remember” and the password could be: “TmBlw2R!” or “TmblW>r~” or some other variation.  
Note: Do not use either of these examples as passwords!

#### 4.2.2 Password Protection Standards

- **4.2.2.1:** Users should not have the same password for City of Louisville accounts as for non-City of Louisville accounts (e.g., personal ISP account, benefits, etc.).
- **4.2.2.2:** Users must not share City of Louisville passwords with anyone, including administrative assistants or the IT staff. All passwords are to be treated as sensitive, confidential information.
- **4.2.2.3:** The following “do not” list applies to all users:
  - Do not write down your password.
  - Do not reveal a password over the phone.
  - Do not reveal a password in an email message.
  - Do not talk about a password in front of others.
  - Do not hint at the format of a password (e.g., “my family name”).
  - Do not reveal a password on questionnaires or security forms.
  - Do not share a password with family members.
  - Do not reveal a password to co-workers.
  - Do not store passwords on any computer system (including PDAs or similar devices) without being encrypted.
- **4.2.2.4:** If someone demands a password, refer him to this document or have him contact the IT staff.
- **4.2.2.5:** Users should not use the “Remember Password” feature of applications (e.g., Microsoft Outlook).
- **4.2.2.6:** Users are required to change passwords at least once every 120 days.
- **4.2.2.7:** If an account or password is suspected to have been compromised, report the incident to the IT staff and change all passwords.

## 5.0 Ongoing Vigilance

---

### 5.1 Foundation

The overall security of the City of Louisville, its assets, and ultimately each employee's position requires daily attention from every member of the staff. The most important thing users can do for the City's computer security is to remain vigilant and aware of security issues.

### 5.2 Requirements

In the City of Louisville environment, users should consider the following activities particularly suspicious and contact the IT department:

- Anyone asking for their username and password — ever.
- Email attachments from any user outside the City of Louisville, especially generic messages or attachments with file types other than those they're familiar with.
- Strange files on their computer or the server.
- Strange files or programs on servers.
- Unusual or inconsistent log entries.
- Unexpected application or server failure.
- Significant changes in performance, response time, or usability.

## 6.0 Exception Handling

---

### 6.1 Foundation

The key to effective security is to set policy that can be achieved, and to ensure compliance with that policy. The City of Louisville exception handling committee will review and maintain all policy exception requests.

### 6.2 Requirements

- **6.2.1:** All policy exceptions must be reviewed by the City's IT department head and IT staff.
- **6.2.2:** Exceptions must be submitted in writing.
- **6.2.3:** The IT department head and IT staff must approve or deny the policy exception request, and document the decision in writing.
- **6.2.4:** The IT department head and IT staff must annually review all previously granted exceptions and determine whether they still need to stand.
- **6.2.5:** Policy exceptions that have been granted must be available to the appropriate IT staff for viewing and consideration.
- **6.2.6:** The IT department head and IT staff must carefully balance security regulations, risk management, and precedent setting when granting policy exceptions.
- **6.2.7:** Policy exceptions must be only granted based on business need.
- **6.2.8:** Policy exceptions not approved by the IT department head and IT staff will be considered noncompliance and may be subject to disciplinary action.

## 7.0 Email Handling / Restrictions

---

### 7.1 Foundation

This section establishes the City of Louisville's terms of the use of email for electronic communications.

The use of email at the City of Louisville is intended as a business tool. It serves as a fast, efficient way to communicate, and it can be used as an appropriate substitute for face-to-face meetings, telephone calls, or internal memorandums. Email should be treated like any other company record.

### **7.1.3 Email and Confidential Information**

Because email is the electronic equivalent of a postcard and anyone can read its contents along the delivery route, the City requires users to follow certain steps when sending confidential information via email. Confidential information must be encrypted before being sent to users inside or outside of the City network. The use of encryption will be consistent with the City's standards. Users should consult the IT department for information on encryption.

City of Louisville email will not be automatically forwarded to an external destination without approval from the Head of IT. Confidential information will not be forwarded via any means.

Any request for confidential information shall be digitally signed and that signature verifiable. Users transmitting confidential information will digitally sign the message to demonstrate validity and traceability to the recipient. The use of digital signatures will be performed in accordance with the City's encryption standards.

## **7.2 Requirements**

- **7.2.1:** Do not forward chain letters.
- **7.2.2:** Do not send messages of a hateful, harassing, or threatening nature.
- **7.2.3:** Do not send messages that support illegal or unethical activities.
- **7.2.4:** Do not send messages of a religious nature.
- **7.2.5:** Do not engage in unauthorized use, or forging, of email header information.
- **7.2.6:** Do not solicit email for any other email address, other than that of the poster's account, with the intent to harass or collect replies.
- **7.2.7:** Do not send unsolicited email originating from within the City's networks of other Internet/intranet/extranet service providers on behalf of, or to advertise, or to slander, any service hosted by the City of Louisville or connected via the City's network.
- **7.2.8:** Remember that email is the electronic equivalent of a postcard and that it should not be used to transmit sensitive information unless that information is encrypted.
- **7.2.9:** City emails must be addressed with an IT-approved email signature that only includes name, title, and contact information.
- **7.2.10:** Postings by employees from a City of Louisville email address to newsgroups, chat rooms, or other broadcast methods should only be made in the course of business duties, and they should contain a disclaimer stating that the opinions expressed are strictly their own and not necessarily those of the City.

## **8.0 Information Sensitivity**

---

### **8.1 Foundation**

This section is intended to help City of Louisville employees determine appropriate methods of handling electronic representations of sensitive information. The definition of what is not to be disclosed to the public is determined by the Louisville City Charter and Colorado statutes.

The information covered in these guidelines includes, but is not limited to, information that is either stored or shared via any electronic means.

Please Note: The impact of these guidelines on daily activity should be minimal.

Questions about the proper classification of a specific piece of information should be addressed to the City Clerk's office. Questions about these guidelines should be addressed to your department head.

## 8.2 Requirements

The requirements below provide details on how to protect sensitive or confidential information; more or less stringent measures of protection may be required depending on the circumstances or the type of information.

- **8.2.1 Access:** Only those individuals (City of Louisville employees and non-employees) designated with approved access.
- **8.2.2 Distribution within City of Louisville:** Approved electronic file transmission methods.
- **8.2.3 Distribution outside of City of Louisville:** Unencrypted electronic distribution of sensitive or confidential information is not recommended.
- **8.2.4 Storage:** Individual access controls are highly recommended for electronic information. Physical security is generally used, and information should be stored in a physically secured computer.
- **8.2.5 Disposal/Destruction:** Strongly encouraged: In specially marked disposal bins on City of Louisville premises; electronic data should be expunged/cleared. Reliably erase or physically destroy media.
- **8.2.6 Penalty for deliberate or inadvertent disclosure:** For illegal acts, employees will be terminated and may be prosecuted. For violations of policy, employees may be terminated and are subject to civil action if the City of Louisville is harmed by the improper disclosure of information.

## 9.0 Application Installation

---

### 9.1 Foundation

Each application installed on a City of Louisville computer measurably increases the risk of a security incident on the City's network. Because every application requires hours of maintenance to keep up to date, the City's IT department can support only certain applications. Some applications actually create serious risk to the security of the City's network and are explicitly disallowed.

All systems connected to the City of Louisville network must run only supported operating systems, software, and hardware. Users should contact the IT department if they need to install or use unsupported operating systems, software, or hardware.

### 9.2 Requirement

Users must contact the IT department before installing any applications on their computers.

## 10.0 Use of Personal Devices on the City of Louisville Network

---

This section outlines requirements for vendors or other employees using personal devices onto our network.

- City of Louisville IT maintains a private and secure City Data Network. City IT does not allow the use of personal computing devices on the secure City of Louisville network. Exceptions can be requested to this policy directly to the IT Director for consideration. Exceptions may be granted if the following criteria are accepted and agreed upon.
  - There must be a compelling and departmental justification to require the use of a non-City owned and non-City secured device on the internal secured City of Louisville data network. Access may be granted and limited during specific timeframes and disabled at all other times. Explicit security rights shall be granted based on the systems and electronic resources required only. Open access and elevated permissions will not be granted to the entire network. Security credentials shall be provided by the IT Department and will be enabled for auditing.

- The owner of the personal device will thoroughly read, acknowledge, and abide by the same policies and standards as internal City of Louisville users.
- The owner of the personal device will maintain enterprise security standards on their personal device and will make the device available for inspection to ensure that the device is being maintained with the following:
  - The device will be password protected and will be screen locked when not in use.
  - Current security patching and a supported operating system.
  - Current Antivirus protection.
  - The device will not persistently or temporarily map any City file shares directly to any local or logical drive.
  - The device will be set for dynamic IP addressing and will not be maintained with a static IP address.
  - Guest users and devices will not create additional user accounts or elevate any user account permissions to any systems without notifying the IT Department.
- No sensitive or confidential electronic City data shall be stored or transferred onto the non-City device without the explicit permission of the IT Department.
- City reserves the right to monitor all non-City owned devices and scan them when they are attached to the City network.
- At all times while connected to the secure City of Louisville network there will be no connections made to other outside networks not
- Network access can be terminated at any time if City of Louisville IT determine that the any of the aforementioned criteria are not being adhered to.

## 11.0 Glossary

---

<b>3DES encryption</b>	A block cipher formed from the Data Encryption Standard (DES) cipher by using it three times.
<b>802.11</b>	IEEE 802.11, the Wi-Fi standard, denotes a set of Wireless LAN/WLAN standards developed by working group 11 of the IEEE LAN/MAN Standards Committee (IEEE 802). The term 802.11x is also used to denote this set of standards; 802.11b was the first widely accepted wireless networking standard, followed by 802.11a and 802.11g.
<b>AES encryption</b>	Encryption using the Advanced Encryption Standard.
<b>Asymmetric cryptosystem key</b>	Also known as public-key cryptography. A system that requires one key for encryption and a different key for decryption. A user sends out his encryption key (public key) to allow other users to send him encrypted messages. He uses his decryption key (private key) to decrypt the messages he receives.
<b>Blowfish encryption</b>	A keyed, symmetric block cipher used for encryption.
<b>Cable modem</b>	A modem designed to operate over cable TV lines, which provide much greater bandwidth than telephone lines and therefore allow for much faster Internet access speeds.
<b>CDPD</b>	Stands for Cellular Digital Packet Data, a data transmission technology developed for use on cellular phone frequencies. CDPD uses unused cellular channels in the 800- to 900-MHz range to transmit data in packets, offering data transfer rates of up to 19.2 Kbps, quicker call setup, and better error correction than using modems on an analog cellular channel.
<b>Denial of service attack</b>	A type of attack on a network that is designed to bring the network down by flooding it with useless traffic.
<b>DES encryption</b>	Encryption using the Data Encryption Standard.
<b>Digital signature</b>	A digital code that can be attached to an electronically transmitted message that uniquely identifies the sender. Like a written signature, the purpose of a digital signature is to guarantee that the individual sending the message really is who he claims to be.
<b>DSL</b>	Stands for Digital Subscriber Line. A technology for bringing high- bandwidth information to homes and small businesses over ordinary copper telephone lines.
<b>DSSS</b>	Stands for direct-sequence spread program. One of two types of spread spectrum radio, often used for “wireless broadband” connections.
<b>Email bomb</b>	A type of denial-of-service attack in which a person’s email address is flooded with messages until the computer crashes. It usually involves subscribing the victim to thousands of mailing lists.
<b>Encryption</b>	The translation of data into a secret code. Encryption is the most effective way to achieve data security. Reading an encrypted file requires access to a secret key or passphrase that enables decryption.

<b>Executable file</b>	A file that contains computer instructions in a form that it can act upon. Unlike source files, executable files cannot be read by humans. To transform a source file into an executable file, it needs to be passed through a compiler or assembler.
<b>Forged Routing Information</b>	Routing information that has been falsely inserted into the network, much like an impersonator.
<b>IDEA encryption</b>	Encryption using the International Data Encryption Algorithm.
<b>IPSec</b>	Short for IP Security, a set of protocols developed by the IETF to support secure exchange of packets at the IP layer. IPSec has been deployed widely to implement Virtual Private Networks.
<b>ISDN</b>	Stands for integrated services digital network, an international communications standard for sending voice, video, and data over digital telephone lines or normal telephone wires.
<b>LAN</b>	Stands for Local Area Network, a computer network that spans a relatively small area such as a single building or group of buildings.
<b>LEAP</b>	Stands for Lightweight Extensible Authentication Protocol, a proprietary wireless LAN authentication method developed by Cisco Systems.
<b>LDAP</b>	Stands for Lightweight Directory Access Protocol, a set of protocols for accessing information directories.
<b>Network sniffing</b>	Use of a sniffer, a device attached to a network that monitors data traveling over that network, for an unauthorized purpose such as intercepting passphrases. A sniffer consists of a hardware device that records data and a software program that interprets the data.
<b>Pass-Through Authentication</b>	Enables users to sign-on to their intranet and access other web applications without being asked for their login credentials again; also referred to as single sign-on.
<b>Packet spoofing</b>	Creating false packet content with the specific intent to violate security measures.
<b>PDA</b>	Stands for Personal digital assistants, handheld devices that were originally designed as personal organizers, but now commonly are also phones that can also connect to the Internet.
<b>Ping flood</b>	A type of denial-of-service attack in which the network interface is flooded, forcing it to crash and automatically reboot, thus dropping all connections. Until the rebooting process is complete, all services will be unavailable.
<b>Privilege conveyance program</b>	A program that grants special rights or access to a user, such as those held by the "Administrator" (Windows) or "root" (Unix/Linux) accounts.
<b>RC5 encryption</b>	A block cipher that has a variable block size (32, 64 or 128 bits), key size (0 to 2040 bits), and number of rounds (0 to 255).
<b>RSA encryption</b>	An algorithm for public-key encryption.

## **Public Involvement Policy**

## **City of Louisville Public Involvement Policy**

Public participation is an essential element of the City's representative form of government. To promote effective public participation City officials, advisory board members, staff and participants should all observe the following guiding principles, roles and responsibilities:

### **Guiding principles for public involvement**

- **Inclusive not Exclusive** - Everyone's participation is welcome. Anyone with a known interest in the issue will be identified, invited and encouraged to be involved early in the process.
- **Voluntary Participation** - The process will seek the support of those participants willing to invest the time necessary to make it work.
- **Purpose Driven** - The process will be clearly linked to when and how decisions are made. These linkages will be communicated to participants.
- **Time, Financial and Legal Constraints** - The process will operate within an appropriate time frame and budget and observe existing legal and regulatory requirements.
- **Communication** - The process and its progress will be communicated to participants and the community at-large using appropriate methods and technologies.
- **Adaptability** - The process will be adaptable so that the level of public involvement is reflective of the magnitude of the issue and the needs of the participants.
- **Access to Information** - The process will provide participants with timely access to all relevant information in an understandable and user-friendly way. Education and training requirements will be considered.
- **Access to Decision Making** - The process will give participants the opportunity to influence decision making.
- **Respect for Diverse Interests** - The process will foster respect for the diverse values, interests and knowledge of those involved.
- **Accountability** - The process will reflect that participants are accountable to both their constituents and to the success of the process.
- **Evaluation** - The success and results of the process will be measured and evaluated.

## **Roles and Responsibilities**

### **Council**

City Council is ultimately responsible to all the citizens of Louisville and must weigh each of its decisions accordingly. Councilors are responsible to their local constituents under the ward system; however they must carefully consider the concerns expressed by all parties. Council must ultimately meet the needs of the entire community—including current and future generations—and act in the best interests of the City as a whole.

During its review and decision-making process, Council has an obligation to recognize the efforts and activities that have preceded its deliberations. Council should have regard for the public involvement processes that have been completed in support or opposition of projects.

### **City Staff and Advisory Boards**

The City should be designed and run to meet the needs and priorities of its citizens. Staff and advisory boards must ensure that the Guiding Principles direct their work. In addition to the responsibilities established by the Guiding Principles, staff and advisory boards are responsible for:

- ensuring that decisions and recommendations reflect the needs and desires of the community as a whole;
- pursuing public involvement with a positive spirit because it helps clarify those needs and desires and also adds value to projects;
- in all public involvement activities fostering long-term relationships based on respect and trust;
- encouraging positive working partnerships;
- ensuring that no participant or group is marginalized or ignored;
- drawing out the silent majority, the voiceless and the disempowered; and
- being familiar with a variety of public involvement techniques and the strengths and weaknesses of various approaches.

## **All Participants (Proponents, Opponents, Public, Council, Advisory Boards and Staff)**

The public is also accountable for the public involvement process and for the results it produces. All parties (including Council, advisory boards, staff, proponents, opponents and the public) are responsible for:

- working within the process in a cooperative and civil manner;
- focusing on real issues and not on furthering personal agendas;
- balancing personal concerns with the needs of the community as a whole;
- having realistic expectations;
- participating openly, honestly and constructively, offering ideas, suggestions and alternatives;
- listening carefully and actively consider everyone's perspectives;
- identifying their concerns and issues early in the process;
- providing their names and contact information if they want direct feedback;
- remembering that no single voice is more important than all others, and that there are diverse opinions to be considered;
- making every effort to work within the project schedule and if this is not possible, discussing this with the proponent without delay;
- recognizing that process schedules may be constrained by external factors such as limited funding, broader project schedules or legislative requirements;
- accepting some responsibility for keeping themselves aware of current issues, making others aware of project activities and soliciting their involvement and input; and
- considering that the quality of the outcome and how that outcome is achieved are both important.
