Dear Mayor and Council,

As you discuss the Council workplan at Tuesday's Study Session, please consider elevating improving cell service throughout the City to a top tier priority.

I am shocked that after the horrors of the Marshall Fire, we haven't made reliable cell communications

everywhere in the City more of a priority. It is a matter of public safety.

I urge you to instruct City Staff to seek out and work with the major cellular carriers to rapidly improve our cell service. Streamline the approval process, say "NO" to the inevitable NIMBYs and make public safety a top priority.

It matters not which of the major providers you have...a 3 minute drive can leave you with "n bars" and zero service.

In today's world, that poses a risk to public safety that should be unacceptable.

Sincerely,

--
