## We're here to help

It is our mission at 36 Commuting Solutions to provide all of the tools you need to travel throughout our busy corridor. US 36 has many transit routes to use for your trips from Boulder to Denver and everywhere in between.

### Park-n-Ride Service

RTD Park-n-Ride locations provide just what their name entails; a place to leave your vehicle and complete the trip using transit. Park-n-Rides also act as main bus service hubs where you can easily transfer from one bus route to another. For a full list of Park-n-Ride locations, visit RTD-Denver.com.

### Bike-n-Ride Service

Did you know you can take your bike with you on the bus? That's right. With RTD's Bike-n-Ride service, you can simply place your bike on the rack at the front of the bus. This service is perfect for beginning or ending your transit trip.

### Curb-to-Curb Service

RTD's US 36 Call-n-Ride service complements the fixed bus routes to complete your trip between the Park-n-Ride and your home, work, etc. Call-n-Ride services operate within a specific geographic boundary to take you anywhere you need to go within the service area.
